SPREADING GREAT SYMPATHY STRIKE

Union Leaders Attack Big Baldwin Works and Get Many Recruits.

SEVERAL HUNDRED HAVE QUIT LABOR

Strikebreakers Who Shot Up the Town are Being Arrested.

Philadelphia, Pa., March 9.—The principal development in the strike situation today was the effort made by the union leaders to involve the ten thousand men employed by the Baldwin locomotive works in the general walk out.

In this strikers were partly successful, as they report having made great gains from among the men employed at that plant.

Several hundred men at different departments failed to report at starting time and it is stated that several hundred more joined the strikers at the noon hour.

The company declares that its men quit because of the fear of violence and that the number of workers who walked out will not affect the operation of the plant.

The hosiery mills carried out their resolution to close their mills until next Monday. Most of their employes were already out.

Reports of men going back to work are coming in from several directions, but thes breaks in the ranks of the strikers are not very important.

Say Men Want to Come Back.

The Standard Roller Bearing company, whose 2,000 men quit on Monday, declares that it has received a letter from its employes in which they notified the company they will return next Monday.

The street car strike showed little change. The company claims about 1,100 cars in service.

Despite the excitement created last night by the "shooting up" of one of the principal thoroughfares by a trolley car load of alleged strikebreakers from St. Louis, there were no serious demonstrations against the trolley cars in operation early today.

C. O. Pratt, the organizer of the carmen, denounces the affair which occurred in Frankford avenue and resulted in three men and a fourteen year old girl being taken to a hospital suffering from bullet wounds received when the trolley men fired from a swiftly moving car into the crowd. He said it was the usual last resort of the desperate strikebreakers, who, finding everything quiet, shoot up a town to incite trouble.

No One Seriously Hurt.

The victims of the bullets are not seriously hurt. Although many lines were running today without any sign of trouble, much apprehension was felt as to the outcome of the feeling stirred up by last night's attack.

The police are trying to fix the blame for the reckless gun play. Many meetings of unorganized workers are being addressed by prominent labor organizers each day and night. Many converts to the cause of trades unionism are reported. Some of the special dispensations are being withdrawn by the union and it was declared today that 600 bakers would join the strike.

The union taxicab chauffeurs, some of whom returned to work yesterday afternoon, held a meeting last night and decided to remain on strike.

Spreading the Strike.

The campaign to bring out men employed in the great industrial plants of the city has met with additional success at the Baldwin Locomotive works, where some men quit work yesterday. These were followed today by several hundred men who failed to report. The strikers assert that two thousand men in all departments of the plant quit, but this is denied by officials of the company, who declared that only two hundred men are out. Most of these, it is said, were employed in the boiler shop. Their defection made idle a number of helpers. Baldwins is an "open shoop" plant and the success there has given the labor leaders renewed hope of further spreading the strike.

Some of the Shooters Arrested.

Acting Captain of Police Daly said today that two of the Philadelphia Rapid Transit company car men had been arrested for the Frankford shooting and that the police were searching for five other men who were on the car. The captain said the disturbance was caused by the new men and that the shooting was uncalled for.

The Rapid Transit company in a statement on the affair today said that for one hour prior to the shooting every car that arrived at the Frankford barn had all windows broken. Most of the trouble, the company says, was experienced at Frankford avenue and Unity street, where it is declared seven striking car men in uniform led the crowds in the attacks on cars. One of these men, the company declares, has been arrested and warrants are out for the others.

After the outbreak, the company says, city detectives searched every man at the Frankford car barn and found no firearms on any of them. The Rapid Transit company says it has never given its men permission to carry fire arms, but admits that some may have carried revolvers for self protection.

STRIKE-BREAKERS EN ROUTE.

Columbus, O., March 9.—A Pennsylvania railroad train arrived at the union station today from St. Louis filled with about 250 strike-breakers who said they were on their way to

COUNTY LEADERS HERE TO CONFER

Both Parties Lining Up the Twelfth District Situation.

REPUBLICANS IN FORT WAYNE TODAY

Democrats Select March 30 as Date for Congressional Convention.

First active steps toward lining up both the newly-chosen party organizations of the Twelfth district were taken this week, when the county chairmen from over the district were summoned to Fort Wayne for conferences with the respective district chairmen. The first of these was held yesterday afternoon, when District Chairman Hoffman and the democratic county chairmen selected Wednesday, March 30, as the date and Fort Wayne the place for the democratic congressional convention.

This afternoon District Chairman J. M. Henry and the republican county chairmen of the district, were in a conference at the Anthony hotel for a discussion of district political affairs. The county chairmen were guests of the district chairman at luncheon today, and William Bosson, of Indianapolis, an aspirant for attorney general, Judge O. N. Heaton and W. C. Geake, of this city, were members of the party.

The chairmen present included L. M. Misner, of Whitley; James W. Sheffer, of DeKalb; Clyde Carlin, of Steuben; L. J. Hartzell, of Allen, and Guy Hardenbrook, of Albion, who held the proxy of Chairman J. W. Earle, of Noble. Before the conference it was said there was a possibility that the date for the congressional convention might not be definitely decided today, though this was one of the purposes in calling the meeting. There seemed to be a sentiment prevailing among the chairmen that the convention ought to go outside of Allen county this year, and Kendallville was regarded as the most likely selection if the convention is not held in Fort Wayne.

* * *

The choice of time and place for the democratic congressional convention was made yesterday afternoon by District Chairman E. G. Hoffman and the democratic county chairmen of the district, who had been called to Fort Wayne for a conference regarding the matter. All the counties were represented and the chairmen reported a most encouraging outlook for democracy from every section of the district. It is expected that Representative Cline, who will be renominated without opposition, will be able to arrange his affairs in Washington so that he can attend the convention.

* * *

Local republican leaders are plainly disposed to regard the republican congressional nomination a closed incident, and are confident the nomination will be handed to Judge Owen N. Heaton, of this city, unanimously and without reservation. Judge Heaton has, so far as can be learned, not definitely committed himself upon the proposition, but his friends believe he will make the race, and at the recent organization meeting of the Allen county republican county central committee an intimation by one of the speakers that Judge Heaton would be the nominee evoked some very enthusiastic applause.

* * *

And what of Mr. Gilhams, of Lagrange? Upon the face of things Mr. Gilhams is distinctly outside the money in the congressional race this year. There has been in many quarters of the district a belief that the former representative would ask an-

POLE FINDER MUST WAIT FOR HIS HONORS

Congress Not Likely to Act Until Peary Submits His Proofs.

Washington, March 9.—By a practically unanimous vote the sub-committee of the house naval committee today decided against bestowing any reward upon Commander Robert E. Peary until he had furnished further proofs that he discovered the north pole.

"I am absolutely opposed to congress granting any award to Commander Peary unless his proofs are made public," declared Representative Roberts, of Massachusetts, a member of the sub-committee. "No doubt, the members of the committee would not be able to tell anything about Mr. Peary's records even if they were submitted to us for we are not scientists, but at least the country would be given a chance to know why we were rewarding him.

"There is nothing whatever before us to show that Mr. Peary has discovered the pole further than the statements of certain gentlemen that he did. How could members of this committee go into the house and support any bill which they presented when they had no facts to back it up? We would be in a ridiculous attitude."

Second Victim of His Temper—Hurries to Jail and Surrenders.

Marion, Ind., March 9.—Sanford Love called at the home of his fiancee, Miss Lottie Murden, today and shot her twice, once in the breast and once in the back, as she turned from him. She will die.

Several years ago Love shot another young woman, Nora Miller, to whom he was engaged to be married. She recovered.

After shooting Miss Murden, Love returned to the business section of the city and gave himself up to the police. Love is the proprietor of a restaurant and is 28 years old. Miss Murden is 18 years old. Her home is with her mother.

Miss Murden, after a quarrel with Love, had broken her engagement with him. Today he went to her house and

MAKE A BIG CHANGE IN TAFT'S RAIL MEASURE

Commerce Commission Substituted for Court of Commerce.

Washington, March 9.—The interstate commerce commission was substituted for the proposed court of commerce in the proposed administration railroad bill by the house committee on interstate commerce today.

President Taft today received from Senator Aldrich a verbal report of the action of the steering committee in voting to take up the administration railroad bill and hold it before the senate to the exclusion of any business except appropriation measures until it is passed. The president was greatly pleased by this decision. As the steering committee is unanimously in favor of this program it is not doubted that such an order will be made in the senate. The indications point to a long debate in the senate on the railroad measure. A number of senators have in view the making of anti-railroad speeches of a political character.

There are also many senators opposed to certain features of the bill in addition to the several insurgent senators who will follow the minority views presented from the interstate commerce commission by Senators Clapp and Cummins.

CHIEF BEN ELLIOTT WANTS CLEANER STREETS

Issues Orders to Patrolmen on the Subject—Bevelheimer Back.

Chief Ben Elliott, of the police department, has joined hands with the mayor in an effort to have cleaner streets and alleys and a pretty stiff order was issued today to the patrolmen calling their attention to an ordinance prescribing a fine of $5 and costs for putting garbage, cans, paper, glass and such like stuff on the streets or alleys.

It is the object of the department to get cleaner streets and alleys and the mayor and chief are proceeding on the theory that if the attention of the citizens is called to violations of this ordinance they will lend a helping hand in keeping everything cleaned up in good shape. Of course, if people who are asked to help in the cleansing of the city decline to get into line, then it becomes the duty of policemen to get them and take them to police headquarters and allow them to explain to City Judge J. Frank Mungovan. Persuasion is to be the chief weapon at first and the belief is that people will fall in with the movement.

Bevelheimer Goes Back.

Ed Bevelheimer, who was taken off night patrol wagon duty and assigned to a beat, has been placed in charge of the wagon again as George Swain did not like the work and resigned after a few nights. Joseph Reinhard was appointed a patrolman and Robert Gaskill assigned to the post vacated by the death of John Schroeder.

Minors Must Keep Out.

A rigid investigation of pool room conditions is to be made and minors are to be chased out of them. Owners will be first warned and if they do obey the law which makes it an offense for them to allow minors to loiter in their places they will be yanked into court. Too many gambling games are tolerated and the police are sore and mean business.

OVER THE GOVERNOR'S VETO.

Kentucky House and Senate Pass Pooling Bill.

Frankfort, Ind., March 9.—The so-called tobacco pooling bill, which Governor Willson yesterday vetoed, was last night passed over the veto by both the house and the senate. The house vote was 77 to 11 and the senate 31 to 5. The pooling bill provides for the recording of names of persons pooling tobacco or other farm products and provides a penalty for any person purchasing or seeking to purchase the crop of any individual who has pooled that crop.

ICE MEN IN CONVENTION.

Dealers of Middle States Meet in Indianapolis.

Indianapolis, March 9.—The most conspicuous sign of spring in Indianapolis is the convention of the ice men of the middle states, which opened today. H. L. Dithmer, of this city, president of the Indiana dealers association, welcomed his brothers of what he called the ice "tong" and C. M. Kinnaird, of Columbus, O., president of the Middle States Ice Producers' association, responded

BIG AUTOMOBILE CONSOLIDATION

J. P. Morgan Interests are Believed to be Forming Mammoth Combine.

SEVERAL HUNDRED MILLIONS CAPITAL

Deal Involving Big Detroit Concern and Studebakers Announced.

New York, March 9.—A consolidation of certain large automobile interests having a capitalization of several hundred million dollars is believed to be under way. J. P. Morgan & Co., who yesterday purchased the E. M. F. company, of Detroit, will, it is said, finance the combination.

The names of some of the manufacturers of motor cars are being mentioned in connection with the proposed consolidation. The following statement was issued today:

"Pursuant to arrangement with stockholders of the Studebaker Brothers' Manufacturing company, J. P. Morgan & Co., have purchased substantially all of the stock of the Everitt-Metzger-Flanders company, of Detroit, not already held by stockholders of the Studebaker Brothers' Manufacturing company. In connection with the purchase a contract has been entered into with Walter E. Flanders to continue as president and general manager of the company for a period of three years. As a part of the transaction the litigation pending at Detroit is terminated."

Members of the Morgan firm decline to give any additional particulars regarding the purchase.

PREPARING FOR BIG STRIKE.

Operators of the Southwest Are Beginning to Store Coal.

Kansas City, Mo., March 9.—In preparation for a strike of miners of the southwest which, it is feared, will be started April 1 when existing contracts expire, the coal operators are storing all available coal and are advising large consumers to lay in a supply of fuel. The miners recently demanded 10 cents a ton increase in wages. The operators assert that to acquiesce would force the closing of the mines because of inability to compete with Illinois and Pennsylvania coal in the Kansas City market.

Motorman A. H. Hart, injured when his car struck a load of logs on South Broadway a few weeks ago, has improved sufficiently to leave the Lutheran hospital.

THE WEATHER.

Washington, March 9.—Indiana—Unsettled weather; rain or snow in south portion tonight and Thursday.

Ohio—Increasing cloudiness, followed by rain or snow in south portion tonight or Thursday; moderate north and northeast winds.

Lower Michigan—Fair tonight; Thursday fair in north, unsettled in south portion; moderate north winds, shifting to east Thursday.

Illinois—Fair in north; rain in south portion tonight and Thursday; not much change in temperature.

SWINDLING BUNCH PLACED ON TRIAL

Promoters of Fake Prize Fights and the Like in Federal Court.

CASES ARE CALLED IN COUNCIL BLUFFS

Eighty Defendants Did a Big Business in Many of the States.

Council Bluffs, Iowa, March 9.—Thirteen defendants, alleged associates of John C. Maybray, charged with conspiracy in the swindling of various persons throughout the country out of sums which aggregate nearly half a million dollars by means of "fixed" sporting events, were arraigned before Judge Smith McPherson in the United States court today and all pleaded not guilty. Three others, out of jail under bond, failed to appear, but their attorneys waived arraignment and entered their pleas of not guilty. The trials will begin tomorrow.

Maybray himself was arraigned three months ago.

Judge McPherson informed the attorneys for those failing to report that he would order their clients committed to jail in the event of their failing to appear tomorrow. Benjamin Marks, a wealthy local politician, charged with being the financial head of the conspiracy, was unable to appear because of illness and his case was continued.

Witnesses from a Dozen States.

Witnesses from a dozen states are here to testify. Maybray and thirteen of his associates were arraigned before Judge Smith McPherson this morning. The others named in the indictment have been arrested in different parts of the country and will be brought to Council Bluffs as fast as the cases can be heard. The government has considered the prosecution of these men to be of sufficient importance to assign Sylvester R. Rush, special assistant to the attorney general of the United States to take charge of the cases.

Conspicuous among the defendants is Harry Forbes, the pugilist, who was arrested at the ring side after he had been badly beaten last week by Abe Attell. Forbes still shows the effects of his fight. He reached the city last night. Clarence Forbes, also a prize fighter, and said to be a brother of Harry is another defendant and will be tried during the present term.

Benjamin Marks, the wealthy Council Bluffs politician, alleged to have been a promotor with Maybray was too ill today to appear in court. Twelve civil suits for amounts aggregating $70,000 are awaiting trial against Marks and officers of the First National bank, who are alleged to have taken part in financing the big swindles.

When Maybray and thirteen of his associates were arraigned in the United States court this morning they pleaded not guilty to the charge of wholesale swindling.

OFFICIALS ARE NOT READY TO TALK REPORT

Want to Advise Themselves More Fully on the Figures.

When Mayor Jesse Grice and the members of the board of public works were asked for statements this morning concerning the Page report on the municipal lighting plant they said they had had no opportunity to look carefully into the figures and were not ready to say anything.

The mayor said that the conditions have probably been the same as in starting any new enterprise and that there are many things that will be run at a less cost next year, but was not in position to go into details. Mr. Benoy and Mr. Hilgemann said they had not seen enough of the report to talk about it and Mr. Lennon said he didn't think it would be much trouble to knock the figures out, as the question of taxes and interest can hardly be counted in.

Mr. Grice and the board left this morning for South Bend, where they will go through the wagon factories to look for a dump cart and some sort of a low wagon to keep constantly on Calhoun street. They want an ornamental wagon, nicely painted and think they can get better service with that and a couple of men than they can with a white wings squad. They will meet the light committee from the Commercial club this evening and return with the party.

There was general discussion of the Page report, but opinions were few in the city hall as the new officers want to inform themselves fully before they give out statements. They can not reconcile the facts that a report made by A. M. Schmidt, before he retired from the controller's office, shows a profit of over $12,000 for the period covered by the Page report.

Edwin Orr, the horse-buyer, who was injured in a runaway a few weeks ago when he was thrown against a Grand Rapids and Indiana train at the Fairfield avenue crossing, was able to leave the Lutheran hospital yesterday.

FRANCE STIRRED BY DUEZ RAKE-OFF

Deficit of Government's Agent Will Go Beyond $1,000,000.

STOLE PROCEEDS OF CHURCH PROPERTY

Catholic and Royalist Opposition Press Say It Was Expected.

Paris, March 9.—The arrest of M. Duez, following his confession that he had misappropriated something like $1,000,000 of the funds derived from the sale of church property for which he was the liquidator, has created a great sensation. Intimations are freely made that other liquidators in the employ of the government are similarly involved.

The republican press find no words of excuse for the disgraced official and lay much of the responsibility for the condition of affairs upon the immense amount of work assigned to a single liquidator. At the same time the papers accord the government unstinted praise for its courage in boldly exposing the scandal on the eve of the general elections, when it is sure to become a powerful weapon in the hands of Catholic opponents who have been organizing a general political campaign.

Opposition Press is Gleeful.

The Catholic and royalist opposition press generally manifest high glee over the exposure, which they declare confirms the suspicions long entertained that the property of the churches, monasteries and convents expropriated by the state, instead of furnishing $200,000,000 for old age pensions and other social reforms as the proletariat, had been taught to believe at the time separation of church and state was voted, had disappeared in to the pockets of thieving politicians. L'Action Francias today remarks cynically: "Duez being charged by the government to steal the church's property, can hardly be blamed for taking a part of the booty for himself."

The chamber of deputies is not in session at present, but interpellations are expected in the senate. The government, while admitting that the task set for the liquidators was too large, in one case a single liquidator having charge of the disposal of the property of seventy-four congregations, declares that when the report of irregularities was first bruited two years ago it did its full duty by relieving some of the liquidators of a part of the work.

A part of the work, calling for their accounts and appointing an investigating committee, of which Premier Combes was president, besides initiating the legal investigations which resulted in the arrest of Duez.

Duez Deficit Will Grow.

Duez was what is known as an "official receiver," which is a sort of a branch of the magistracy. In addition to his deficit in the congregation accounts the liquidator admits that he is short $200,000 in connection with other affairs confided to his charge. He had the management of the liquidation for thirteen congregations, involving more than 100,000 documents and accounts. These are in such confusion that it is impossible to determine an accurately total of his defalcation, which may greatly exceed the $1,000,000 originally estimated.

Besides the admitted shortage Duez is charged with having pocketed rake-offs for aiding a genealogist who acted as his accomplice. The genealogist sought out the heirs to the funds which had been left to the congregations, many of whom were living at distant points and ignorant of the fact that they were entitled to recover anything. From these he obtained the contracts, it is alleged, through which they relinquished to the genealogist for "services" 50 per cent. of what was due.

Had Wide Ramifications.

It is believed that the scandal will prove to have had wide ramifications. The Eclaire cites other evidence of crooked practice in which it is alleged that Duez or his agents corruptly bargained for a "commission on lawyers' fees which in some cases, it is claimed, were excessive."

M. De La Salle and M. Bruneta are the other two principal liquidators and M. Sarraute, M. Lemery, Albert Clemenceau and M. Millerand, now minister of public works, posts and telegraphs, are mentioned by the Eclaire as among the attorneys who appeared before the courts in cases conducted by Duez. The cabinet considered the affair at a meeting today and decided to detail auditors from the ministry of finance to inspect all of the accounts and also to place an inspector from the ministry at the disposition of the court which is investigating Duez. The latter's house has been searched and his safe deposit box at his bank placed under seals.

The papers submitted to the senate commission today by M. Combes show Duez's defalcation approximates $2,000,000. M. Leclouterier had fifty-six cases, M. Mange ten and M. Duez thirteen.

Wets and Drys Carry Equal Number of Towns in License Vote.

St. Paul, Minn., March 9.—Towns and villages all over the state held elections yesterday and in most of the precincts the important issue was license or no license for saloons. The vote was about evenly divided so far as returns from 123 towns show. Of these, sixty-two voted for no license and sixty for license. In the town of Becker the vote was a tie.

other nomination this year, and he has a lot of friends over the district who would be glad to see him get it. Much the larger portion of the republican party in the Twelfth district, however, is distinctly in favor of shelving Mr. Gilhams and trying a new entry in the congressional contest this year. Mr. Gilhams has not been heard from directly on the proposition, but leaders say he will have no chance at the nomination even if he should determine to be a candidate. They point to the recent editorial suggestion of the Lagrange Standard. Mr. Gilhams' home organ, in which he was appraised as gubernatorial timber as an indication that Mr. Gilhams is not to be longer taken seriously as a congressional possibility. The Lagrange organ is confident Mr. Gilhams would be eminently the proper man for the republican nomination for governor two years hence.

The matter of candidates for the county offices is the chief source of tribulation to Allen county republican leaders just at this time. Thus far there has been no formal announcement of candidates and leaders fear it will again be necessary to resort to the draft to fill the ticket acceptably. The primary date, April 15, is much too early, according to the republican view, but since it has been chosen there has been started an active effort to begin the framework of a county ticket that will appeal to the general voter. This question was the subject of a conference held Tuesday afternoon at the office of County Chairman Lee J. Hartzell, where a score or more of Fort Wayne party leaders were bidden to assemble and talk things over. It is rumored that with one or two minor exceptions, nobody has come forward with an offer to go upon the county ticket.

Ex-Congressman Gilhams was circulating among his friends in Fort Wayne today, but to The Sentinel he insisted that he was here purely on a matter of business and that there was absolutely no politics in the trip. The fact that he is here simultaneously with the republican county chairmen, he said, was a mere coincidence, as he was unaware of the political gathering until after he reached the city.

THE DEATHS.

GRAYLESS.

Charles E. Grayless, a pioneer resident of Allen county, died Tuesday at the home of his son, George W. Grayless, in Lake township, at the advanced age of 91 years. Death was due to the infirmities of age.

Mr. Grayless was born in Ohio, March 17, 1818, and removed with his parents to Indiana in 1834. He was united in marriage to Rebekah J. Turner on December 31, 1840, and they were the parents of five children—Edward E., now deceased; Oliver C., residing in Whitley county; Urillan S., living in Nebraska; George W., of Lake township, and John W., in British America. Mrs. Grayless died October 12, 1850, and two years later Mr. Grayless was married to Nancy Sweet. They were the parents of nine children, those surviving being Mrs. Sarah J. Budd, Chicago; Mrs. Mary Ellen Richardson, of Arcola; Mrs. Cynthia Klinger, Mrs. Emma Lee, Mrs. Linnie Carey and Josiah L. Grayless, of Fresno, Cal., and William F. Grayless, of Fort Wayne. A son and a daughter, Charles L. Grayless and Mrs. Josephine L. Fultz, died a few years ago. There are thirty-seven grandchildren and forty-one great grandchildren.

Mr. Grayless had been for many years a member of the Methodist Episcopal church and of the Masonic fraternity. Funeral services will be held Thursday morning at 11 o'clock from Lake chapel.

FUNERAL NOTICES.

VanAllen. — Funeral services for John H. VanAllen will be held Friday afternoon at 1:30 o'clock from the residence of a daughter at 326 West Superior street, Rev. Allan K. Zartman officiating. Interment at New Haven I. O. O. F. cemetery.

The Women's Relief corps will hold flag service over the remains Thursday afternoon at 2:30 o'clock.

Gibson.—Funeral services for Mrs. Frederick Gibson will be held Friday morning at 8:30 o'clock from the residence of a brother, Thomas F. Quinn, 226 Baker street, and at 9 o'clock from the Cathedral.

SCHROEDER GAVE AN INJURED MAN A BIG LIFT

Asked That Body be Cremated—Brother Gets His Property.

Under the will of John S. Schroeder, for years connected with the fire department and chief electrician at the time of his sudden death a few days ago, $300 is left to his "good friend, John M. Fleischman, who suffered a signal and severe physical injury" while working with him several years ago.

Fleischman was a lineman who fell from a pole ten or twelve years ago and who sustained permanent injuries. He is on a pension. At the time of his injury he was working with Schroeder.

All the remainder of his property is left to his brother, Ferdinand Schroeder, who is made executor of the will. He asks that his body be cremated and this will be done. The will was drawn in June, 1906.

LILLIS IS RECOVERING.

Cudahy Victim is Not Yet Able to Leave Hospital.

Kansas City, Mo., March 9.—Jere P. Lillis, president of the Western Exchange bank, who was assaulted Sunday morning by John P. Cudahy at the latter's residence, was reported this morning to be steadily recovering. Attendants at St. Mary's hospital said, however, that it was uncertain just when Lillis would be removed to his home. Asked whether his injuries would be of a permanent nature, they said it would require some time to determine that.

Gen. John C. Cowan, of Omaha, father of Mrs. Cudahy, left for Omaha today.

The hospital physician stated today that there is now no fear of blood poisoning developing in the case of Lillis. A kitchen knife used by Cudahy on the banker was said to have been rusty and the fear of blood poisoning came from this fact.

Cincinnati, March 9.—Permanent organization having been completed the miners and operators of the Central competitive field in conference here today began consideration of the points at issue between them.

The open sessions of the conference will probably continue for two days, during which time subjects concerning the miner and operator will be fully discussed. Following this general discussion the scales committee will go into executive session to consider the question of wages and other matters in controversy.

CUSTOMS COURT NOMINEES.

President Sends New Batch of Names to the Senate.

Washington, March 9.—President Taft today sent to the senate the following nominations for the new customs court of appeals:

Chief Justice Robert M. Montgomery, of the supreme court of Michigan, to be presiding judge. Associate judges: William H. Hunt, of Montana; James W. Smith, of California; Orion M. Barber, of Vermont, and Marion Devries, of California.

RUNSER TO MADISON.

"Louie" Heilbroner Gets Berth for Third Baseman.

Jess Runser, who has been playing third base for the semi-professional teams around Fort Wayne for some years, will be given a try-out with Madison, of the Minnesota-Wisconsin league. A berth was secured for him by "Louie" Heilbroner, who saw him play with the Fort Wayne team here.

SINKS A SCHOONER.

Cuxhaven, Germany, March 9.—The Hamburg-American line steamer Pennsylvania, which arrived from New York last night reported that she had run down and sunk the German schooner Gertrude, bound from Hamburg for an English port with a load of salt. The captain and three of the crew of the schooner were drowned, the only one escaping being the pilot, who was picked up by a small boat from fire ship No. 2.

SON SEES FATHER END LIFE.

Terre Haute, Ind., March 9.—Despondent from his ill health Cliff Wright yesterday committed suicide in sight of his four year old son by cutting his throat with a razor. In order to make sure his effort Wright stood in front of a mirror when he drew the blade across his throat. He was 34 years old and leaves a mother, widow and two children.

FUNERAL OF SENATOR PLATT.

Last Rites for Dead Leader at His Old Home of Owego.

Owego, N. Y., March 9. On a hillside overlooking the village of his birth the body of Thomas Collier Platt, former United States Senator and for many years republican leader of New York state, was buried today. The ceremonies at the First Presbyterian church and at the grave were brief and were attended by many of his former political followers and old time friends and neighbors.

Senator Platt's loyalty to his friends was the keynote of the eulogy delivered by Rev. George Douglass Young.

MARRIAGE LICENSE.

GOVERNOR IS BACK AND GLOWS WITH HEALTH

Mr. Marshall, Wearing an Arizona Sombrero, Has Returned Home.

Indianapolis, March 9.—With a springy step and a cheerful smile, red-cheeked and keen-eyed, Governor Marshall, who for three weeks has been enjoying Arizona nights and days, too, came unexpectedly into the executive offices in the state house yesterday afternoon and declared he never felt better. He wore a sombrero, the kind they all wear down in Arizona.

The 92-in-the-shade weather which the governor encountered in Phoenix and Scottsdale, Ariz., where he and Mrs. Marshall spent most of their time while away from Indiana, did not go well, he said, with the derby he wore away from Indianapolis, and in order to save himself the painful experience of having his face peeled by the scorching suns he purchased the regulation headgear. Governor Marshall is enthusiastic over the beauties of the western country, the hospitality of its people and the summer weather which comes to that section while other quarters are freezing in northern gales.

Praises Western Hospitality.

"What struck me about Arizona and the west is the genuine hospitality of the people," said he in talking of his trip yesterday. "It seems to me that it would be better if we had more of that here in Indiana. Of course, they have some fights down there, but when it is over all are good friends again. It doesn't make any difference whether you are a democrat or a republican, the hospitality is there just the same, and I like it."

The governor met a number of former Indiana men who are now living in Arizona. Among them is B. F. Scudder, formerly of Tipton, who now is superintendent of schools at Tempe, Ariz. During their stay in Phoenix Governor and Mrs. Marshall were the honored guests at a reception tendered by Governor Sloan, of Arizona. The affair was given at the capitol and was followed by a dinner.

Speaking of the financial possibilities of the western territory the governor regretted somewhat that he did not accept a proposition put to him two years ago to purchase a tract of land which since has more than doubled in value.

Governor Marshall attended the dedicatory exercises of a new school house which recently has been built at Scottsdale, at which Winfield Scott, after whom the town was named, presided. The occasion was made the celebration of Scott's seventy-third birthday. He has served as chaplain in the regular army and also in that capacity during the civil war.

QUARRELS WITH HIS WIFE AND TAKES POISON

William E. Rogers at Hope Hospital—Information Withheld.

William E. Rogers, about twenty-four years old and employed by the Fort Wayne and Wabash Valley Traction company, swallowed a dose of morphine at his home, 1505 Wells street, today and was taken to Hope hospital after he had been treated by Dr. Joseph E. Stults, but the hospital attaches this afternoon declined to give out any information as to his condition and it is impossible to learn whether or not he is likely to survive.

On Monday his wife, Altina Rogers, filed a divorce suit in the superior court in which she charged that he is an habitual drunkard and that among other things he knelt on her breast at one time and made an attempt to choke her. She secured a restraining order to prevent him from visiting the house and molesting her.

Today he visited his wife and from the racket in the house the neighbors judged they were quarreling violently, and pretty soon the wife ran out screaming and said that he had taken morphine. Dr. Stultz was called and had him removed to the hospital. They were married in November, 1907, and have one child.

For about six months they have lived at the house in which he took the morphine and while there has been no statement that he tried to end his life the fact that he visited his wife and that he took the morphine after a quarrel with her indicates an attempt upon his life.

SUFFERED BAD FRACTURE.

Broken Bones of Churubusco Man's Leg Penetrated Ground.

Churubusco, Ind., March 9.—In jumping from his buggy in a runaway accident yesterday, Leslie Arthur, a merchant in this place, suffered a severe fracture of the right leg. The bones protruded through the flesh and Mr. Arthur alighted with such force as to drive the unprotected bones into the earth for some distance.

WIDOW GETS $3,000.

New York, March 9.—Mrs. Helen M. Waters, the Chicago widow, who sued Theodore A. Ryerson, a broker, to recover $50,000 for alleged breach of promise was awarded $3,000 by the jury in the supreme court today.

Clothing Clerks' union No. 10, at its meeting last evening, appointed a committee to arrange for a smoker and progressive card party for its next meeting on April 12. A class of candidates was initiated and six additional applications were read.

TOBACCO TRUST IS MAKING A GREAT DEAL OF HAY

Before Long Sun May Not be Shining—Profits are Enormous.

New York, March 9.—The American Tobacco company, which is now fighting the federal suit for its dissolution before the United States supreme court, made public today its annual report for 1909, which showed that the so-called tobacco trust earned 50½ per cent on its $40,000,000 common stock.

The net earnings of the "Trust" were $30,448,384, an increase of $1,743,979 over last year, which after deductions and preferred stock dividends, left a balance of $20,232,396. The report shows that the company now has a total surplus of $42,499,140, an amount larger than its issue of common stock.

STATE CONVENTION OF DEMOCRATS ON APRIL 27-8

State Committee Decides on Two-Day Meeting to Name Ticket.

Indianapolis, March 9.—The democratic state convention will be held in this city April 27 and 28. These dates were decided upon today at a meeting of the state central committee.

ONE MAN KILLED; THREE HURT.

Fatal Automobile Accident to a Party in Gary, Ind.

Gary, Ind., March 9.—One man was killed and three others seriously injured in an automobile accident which occurred here last night. The dead:

A. D. Miller, aged 47, secretary and treasurer of the Mack real estate agency; arm broken, three ribs and internally injured; died three hours after the accident at Mercy hospital.

The injured:

Dr. E. E. Giesel, Gary, head and body badly bruised; John Giesel, father of Dr. Giesel, face bruised and shoulder dislocated, internal injuries, and Ora MacNice, chauffeur, injured about the head.

Miller, who was killed, was returning with Dr. Giesel and his father from the real estate company's subdivision, where they had purchased several lots.

At the crossing of the Wabash railway MacNiece saw the head light of a switch engine and thinking it was an approaching passenger train attempted to dart across the street, but the machine, which was running rapidly, struck a pile of paving brick near a curb and turned turtle, throwing the occupants with great force to the pavement.

ROOSEVELT SHOOTING AGAIN.

Melut, Sudah, March 8.—Col. Roosevelt and his party devoted today to shooting along the banks of the Bar-el-Jabel, a western tributary of the White Nile. Mr. Roosevelt has planned to visit the American mission at Dolibai hill near where the Zobat river empties into the White Nile tomorrow. There will be no official reception to the party at Taufikia or Kolok.

KNOX AND BRIDE AT HOME.

Providence, R. I., March 9.—Philander C. Knox, jr., son of the secretary of state, and his bride slipped quietly back into the city today from Washington. They went direct to Mrs. Knox's apartments.

JAKE SHAFER DEAD.

Denver, Col., March 8.—"Jake" Schafer, the noted billiard player, died here this afternoon of tuberculosis.

LIBERAL BILL IS BEATEN.

Columbus, O., March 8.—The Deane bill giving cities the right to vote on the liquor question regardless whether the county went "wet" or "dry," was defeated in the senate today by a vote of 16 yeas to 18 nays. This probably ends all liberal liquor legislation this session.

NO CHOICE.

"Your pa and ma aren't real parents. They adopted you."

"Well, that's better than you. My parents picked me out, and yours had to take you as you came."

The infant daughter of Mr. and Mrs. B. I. Friedline, of Monroeville, died at the family home in that place yesterday. Mrs. Friedline will be remembered in Fort Wayne as formerly Miss Alma Dunten, daughter of Mr. and Mrs. Clay Dunten.

STRIKE BREAKERS FIRE INTO CROWD

Six Persons, Including a Young Girl, Wounded in Philadelphia.

MOB FORMS AND IN ANGER WRECKS CARS

Big Sympathy Strike Given Different Aspects by Belligerents.

Philadelphia, Pa., March 9.—Six persons, including a young girl, were wounded last night by bullets fired by a party of alleged strikebreakers who rode wildly up and down Frankford avenue in a trolley car and shot into the crowds that lined the sidewalks.

After one of the most uneventful days since the beginning of the strike the toning of cars was renewed last night along Frankford avenue, the principal thoroughfare in the mill district in the northeast.

A stone thrown by one of the crowd injured a strikebreaking motorman. Infuriated at this, about fifteen of his comrades took out a car, all of the windows of which the crowd broke with clubs. As the car loaded with armed strikebreakers sped down Frankford avenue bullets were rained at the jeering crowd.

Policeman Bragg, of the Frankford district, who was standing on the sidewalk, received a bullet in his helmet an inch above his head.

Strikebreakers Shoot Low.

Helen May, aged 14 years, was struck in the leg by a bullet; John Maloney, aged 18 years, and Michael Osborn, aged 24 years, also were shot in the legs and Frank Bromley, aged 23 years, received a bullet in his foot. These wounded were removed to the Frankford hospital. Two other injured were taken to their homes.

After reaching Allegheny avenue the car was switched to the north bound track by its crew and the dash back to the barn began. So swiftly was it driven that before the crowd realized that it was coming back it had sped past them and into the barn again.

The shooting of inoffensive bystanders worked the crowds to a high pitch of excitement, and as other cars came down the street the mob proceeded to wreck them, in several instances leaving only the trucks on the rails. About a dozen arrests were made.

There were a few minor outbreaks in the downtown district late last night.

NEGRO PREACHER KILLED.

Shot in Duel With Officer Who Called to Collect Debt.

Greenwood, Miss., March 9.—"Parson Wallace," a negro preacher, was mortally wounded in a duel last night with a policeman, who was trying to collect a debt from the colored man. The policeman was slightly wounded. Threats of a lynching were made by a crowd which gathered in front of the negro's cabin but the crowd on learning that the negro was fatally hurt dispersed and Wallace died soon afterward.

LEAVES WEALTH TO LODGE.

Man Assassinated at Minturn, Ark., Provides for Home.

Little Rock, Ark., March 9.—The will of A. W. Shirey, a prominent merchant at Minturn, who was assassinated last night was opened today. A fortune estimated at about $200,000 was left entirely to the grand lodge of Odd Fellows to establish a sanitarium at Hot Springs. Shirey was shot through the window of his store by unknown parties.

DIDN'T TAKE UP BIDS.

Members of the board of public works did not take up the bids submitted yesterday for the erection of a store room and machine shop at No. 1 pumping station. They were received yesterday and ran from $2,900 to $3,000, which is above the estimate of $2,000 made by the engineer.

PRISON FOR DR. FRITCH.

Detroit, Mich., March 9.—Dr. George A. Fritch was today sentenced to serve from 7½ to 15 years in the state penitentiary at Jackson for manslaughter in causing last August, by means of an unlawful operation the death of Maybelle Millman, of Ann Arbor.

FOUND GUILTY IN AGAR CASE.

Princeton, Ind., March 9.—Timothy Harrington, of Lafayette, charged with conspiracy to defraud in complicity with Henry C. Agar, was found guilty by a jury here today. He will be sentenced to from two to fourteen ears imprisonment as was Agar.

GERMANY'S TREASURY DEFICIT.

Berlin, March 9.—Herr Wermuth, secretary of the imperial treasury, said today in addressing the appropriations committee of the reichstag "the deficit at present is $44,500,000. He doubted whether the returns from the new taxes made in 1909 could be accurately estimated before 1912.

RUMOR OF RESIGNATION.

Report That Miss Adams is to Leave Hope Hospital.

The rumor is persistent that Miss Mabel K. Adams has tendered her resignation as superintendent of Hope hospital. Miss Adams could not be reached this afternoon to confirm or deny the rumor, and at the institution no information could be secured regarding it. The report that Miss Adams was to leave Fort Wayne is said to have originated in Chicago, where Miss Adams was formerly connected with the Presbyterian hospital.

SAVE THE DIFFERENCE

Do you know what we mean when we say "Save the Difference?"

We mean that our charges on most loans, are just half the charges made by other companies, and in many cases less than half.

We loan money in any amount from $5.00 up to $100.00 on furniture, pianos, horses, live stock, fixtures, or any other such security that you may have; at a rate which is positively the lowest in the city. We leave the property in your possession.

If you want a loan, the time spent in looking into our methods will be time well spent, and you will know where to borrow as well as where to do the best.

We do not say one thing and do another, neither do we argue; but we back up every statement we make with pencil, paper and figures. It is your loss if you fail to call on and "SAVE THE DIFFERENCE.

Facts For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minneapolis, Minn.:—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women, I felt sure it would help me, and I must say it did help me wonderfully. Within three months I was a perfectly well woman.

"I want this letter made public to show the benefits to be derived from Lydia E. Pinkham's Vegetable Compound."—Mrs. John G. Moldan, 2115 Second St., North Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

THE NEWS OF FORT WAYNE'S NEIGHBORS

FAIRBANKS MAY BE AT M. E. CONFERENCE

Has Been Invited to Deliver Address—Interest in New District Superintendent.

Bluffton, Ind., March 9.—One of the features of the Methodist conference week in this city will probably be an address by Hon. C. W. Fairbanks, former vice president of the United States. At the meeting of the official board of the Methodist church this week it was decided to extend him an invitation and it is thought he will accept.

Mr. Fairbanks is at present just closing a tour of Europe, and last week arrived in England and was received there by King Edward. He will be back at his home in Indianapolis the latter part of this month, and unless he has been previously engaged for conference week it is thought he will likely spend at least one day in Bluffton.

With the approach of the conference, which will be held April 6 to 11, interest centers in who will fill the places as district superintendents now held by Rev. C. U. Wade, of the Fort Wayne district, and Rev. L. J. Naftzger, of the Muncie district. It is rather expected that at least one new district superintendent will be created and it is learned that Rev. W. W. Martin, of this city, is being strongly urged for the place by the leaders of the district.

Bishop Earl Cranston, of Washington, D. C., who will be the presiding bishop during conference week, will be entertained at the home of Mr. and Mrs. A. B. Cline. Mr. Cline is one of the most active members of the Bluffton church, and although actively engaged in the lumber business, is one of the three Bluffton gentlemen ordained as local preachers.

UNDER FALSE PRETENSES.

Two Young Women Getting Money at Decatur in That Way.

Decatur, Ind., March 9.—Two young women giving their names as Misses May and Draper were taken into custody yesterday by Marshal Peterson on the charge of securing money under false pretenses. They came to town early in the morning and claimed to be soliciting funds for helping a widow lady, a Mrs. Garber, who, they said, lived east of town and was destitute. Their story was rather disconnected and resulted in an investigation by Marshal Peterson, which proved they were not doing as they represented. The officer took them before the mayor, who gave them a good lecture and after they had returned the money secured by them in their canvass they were given their liberty. Miss Draper was formerly Mrs. Goldie Neiman and was divorced a few weeks ago.

DEATH OF MRS. FRED HARKER.

Decatur, Ind., March 9.—The funeral of Mrs. Frederick Harker, whose death occurred yesterday, will take place Thursday afternoon, the remains being taken to Watt, O., for burial. She was 41 years of age and is survived by a husband and three daughters. She had been sick only two weeks and just a week ago was preceded in death by an infant son of a few hours. She was the daughter of Mr. and Mrs. John McGill, who also reside near the family home, in Union township.

Don't Blame Your Stomach

When Without Exertion or Cost You Can Enjoy Meals and Cure Dyspepsia.

A Trial Package of Stuart's Dyspepsia Tablets Sent Free.

Don't blame your stomach or your luck when your meals declare war on your system.

When the stomach won't do its work it is because it cannot.

When foul smelling odors come from your stomach, when the head aches and the sourness of mouth every morning makes you hate your breakfast, when dreams and nightmare assail you, don't give up the fight.

This is the appeal of nature, and it should be heard.

Over-eating, late suppers, poorly chewed food, too rich pastries and under-done cooking are some of the causes of the stomach's ill health.

When the stomach is busy, it presses and churns all the liquid matter from food and with its juices dissolves into liquid form or pulp everything which comes into it.

If such food be poisonous it effects the juices, attacks the stomach, goes into the blood and weakens the entire system.

Stuart's Dyspepsia Tablets will digest a full meal easily without material assistance from the stomach. They will restock the gastric fluid with all the elements needed. They build up the blood, destroy sour taste, bad breath, belching, stomach and bowel trouble and quickly restore natural conditions.

One grain of Stuart's Dyspepsia Tablets will digest 3,000 grains of food in the stomach or in a glass vial without aid of the human digestive apparatus.

The method of Stuart's Dyspepsia Tablets are the methods of Nature.

They contain every requisite for the stomach and digestion. After a meal one of these little tablets when it enters the stomach mingles with the juices, attacks the food and digests it. It removes the fermented and decayed mass, lying stagnant there and eases the stomach at once.

It is wholly a question for you to solve. Your druggist will furnish Stuart's Dyspepsia Tablets 50c the box, or send us your name and address and we will send you a trial package free. Address, F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

DEMOCRATS ACTIVE IN NOBLE COUNTY.

Some of the Candidates for County Office—Kendallville Not in the Race Yet.

Kendallville, Ind., March 9.—Although the democrats in other parts of the county have started the political pot to boiling and men from other sections are being groomed for nomination for the various county offices, Kendallville and Wayne township has not yet got into the list.

The name of John Cleland, of York township, has been mentioned as a probable candidate for sheriff on the democratic ticket, but as yet he has not fully decided whether he will enter the race. For the same office the name of W. O. Prouty, of Jefferson township, has also been mentioned.

For auditor the name of Joseph C. Kimmel, of Sparta township has been suggested. He was at one time representative in the state legislature from this county.

Then there is mentioned also the name of Wilbur T. Hines, of Jefferson township, as a possible candidate for treasurer.

So far J. T. Stahl has not decided to run again for representative, but it is understood some of his friends are urging him to try it again.

In the event Stahl does not run, there is talk of O. F. Gerber, of Ligonier trying for the honor.

IS NOW ENTIRELY "WET."

Such is Hartford City Now—No Building Boom This Year.

Hartford City, Ind., March 9.—Hartford City, for the first time in several months, is now entirely "wet," there being saloons in every ward. In the Second ward there was a remonstrance to the application of Harvey Jones for a liquor license, but the remonstrators failed to appear this week when his case was called up and he was granted a license by the commissioners. McDowell Saxton was also granted a license to run a saloon in the room formerly occupied by the Bank saloon in the east side of the public square. The old Dumont saloon on East Washington street will be opened in a short time. Arthur Degraves being successful in getting a license to sell liquor there.

And yet, despite the fact that the "wets" claim saloons make business and make towns prosperous, there will be less building here than there has been for some years. Very few new buildings are promised. About the only business building scheduled is that of W. L. VanCleve, who is having plans prepared for a two-story structure in the rear of the VanCleve theater, facing on Washington street. It will have two business rooms.

ANOTHER PAPER AT PIERCETON.

Movement Started for Formation of Publishing Company.

Pierceton, Ind., March 9.—It is rumored that Pierceton is to have another newspaper. Several of the business men, including a number of influential and wealthy farmers have about completed the formation of a company which will purchase new machinery and begin the publication of another paper. The one newspaper of the town is the Pierceton Record, edited and published by H. F. Harris. It is a weekly and covers the local news in an excellent manner.

WONT COOK HIS MEALS

That's the Reason James Dean Wants Divorce from His Wife.

Warsaw, Ind., March 9.—Amanda S. Dean refused to cook her husband's meals and taking advantage of his absence from his apartments threw his goods into the street.

These are allegations incorporated in a complaint for divorce filed Tuesday in the Kosciusko circuit court by James W. Dean, who seeks a decree.

They were married May 13, 1870, and separated four years ago.

KENDALLVILLE EAGLES.

Memorial Services for Dead to Be Held Easter Sunday.

Kendallville, Ind., March 9.—At the regular meeting of Kendallville aerie No. 985, F. O. E., it was decided to hold the annual memorial services of the Eagles' lodge on Easter Sunday, March 27.

The meeting will be held in the afternoon and a fine program in honor of the deceased fraters will be rendered, including an address by probably the grand worthy president.

In the morning a committee will decorate the graves of the deceased members resting in Lakeview cemetery.

WILL WED THURSDAY.

Columbia City, Ind., March 9.—On Thursday evening the marriage of Miss Edith Paulus, daughter of Mrs. Peter Paulus, of Brownwood, and Rollo Smith, of Washington township, will be solemnized by Rev. O. A. Trabue. The bride has been an operator at the Farmers' Mutual exchange in this city. The groom-to-be is one of Whitley county's young farmers. The young couple will make their home near McHenry, South Dakota.

BAD KOSCIUSKO DOGS.

Warsaw, Ind., March 9.—Trustees of Kosciusko county have presented to Auditor John C. Beagle claims for 194 sheep, hogs and chickens, killed by dogs, and for which $1,490 is demanded.

BRIDGE AT KENDALLVILLE.

Albion, Ind., March 9.—The county commissioners at their session at Albion yesterday authorized the county auditor to advertise for bids for a reenforced concrete arched culvert over the Bixler lake ditch on South Main street in Kendallville.

BETS BEING MADE ON KRAUSS CASE

$100 Posted That Divorce Will Not be Granted to Krauss—Some Surprises Expected.

Hartford City, Ind., March 9.—Bets are being made here on the result of the divorce case of W. R. Krauss, which will be tried in the courts here. A bet of $100 posted at a local cigar store yesterday that Krauss would not be given a divorce was taken in a short time and another bet of $100 was immediately posted under the same terms as the first. It is probable that a large sum of money will change hands locally over the result of the case.

It is claimed that Jay A. Hindman, attorney for Mrs. Rae Anderman Krauss, is in possession of evidence which he intends to introduce early in the trial which will result in the demoralization of Krauss and his attorneys and make it impossible for the former to secure the divorce for which he filed suit. Should Krauss be refused a divorce it will mean that he will be tried for the murder of his daughter, as Mrs. Krauss is fighting his suit for a divorce with the charge that it was he who is responsible for the death of his daughter.

BAD SANITARY CONDITION.

Such is the Case With School Buildings of Noble County.

Albion, Ind., March 9.—Dr. J. W. Marr, the county health officer of this county, recently made a tour of inspection over the county and visited practically all of the district schools in his jurisdiction. Not one of them, he says, is up to the standard in the matter of sanitation and a complete overhauling of ventilating, lighting and heating systems is necessary.

This was the substance of statements made by him in an address here to the township trustees. He said: "If the laws of the state of Indiana regulating the sanitation of public school buildings were complied with every district school house in Noble county would be closed today."

Among other things he called attention to the dangers of public drinking cups. In most schools the drinking water is furnished in a pail and one or two tinecups are used. These are dipped into the water promiscuously and infection is almost unavoidable. He asserted that if the water buckets used in the schools were sent to the state laboratory for inspection they would be found infested with dangerous disease germs.

WILL UNIFORM FIREMEN.

Columbia City Fire Boys Will Be at Fort Wayne Conclave.

Columbia City, Ind., March 9.—At the meeting last night of the members of the city hose and hook and ladder departments of the volunteer firemen it was decided to solicit the business men and property owners to secure funds to purchase new uniforms so that the forty men can attend the Northeastern Indiana Fireman's conclave at Fort Wayne in June. The special committee expects to start a subscription list in a few days, and if they can secure the required funds, which will be from $320 to $480, they will purchase uniforms and attend the conclave.

ARRANGING CONTESTS.

Spelling Bees Will Be Held in Noble County.

Kendallville, Ind., March 9.—County Superintendent W. A. Beane has completed arrangements for the annual spelling contests in the various townships throughout the county and pupils who expect to enter are preparing for the event.

Winners of the contests will be awarded medals and the three best spellers of each township will enter

COMMENCEMENT SPEAKERS.

Distinguished Educators Who Orate to Columbia City Schools.

Columbia City, Ind., March 9.—Principal J. D. Knight has announced the name of Dr. Ernest Lindley, head of the department of philosophy of Indiana university, as the baccalaureate speaker for the school commencement week. He will speak in one of the city churches on Sunday evening, May 22.

Mr. Knight also announces that the commencement address will be given by Dr. Judd, head of the department of education in Chicago university, on the evening of Monday, May 30, at the high school auditorium.

DEKALB DISTRICT SCHOOLS.

Will Close the Year on April 8—284 Graduates.

Auburn, Ind., March 9.—After a successful term of seven months' duration the DeKalb county district schools will close on April 8 with the exception of the Franklin township institutions, which will close for the summer vacation two weeks earlier, March 25.

MINORS PLAYED POOL.

Decatur, Ind., March 9.—Two affidavits have been filed in circuit court against James Hancock, of Geneva, charging him with allowing Merle Teeple, Earl Ault, Ralph Wheeler and William Cooper, persons under twenty-one years of age, to congregate in his billiard hall. The other charges him with permitting Merle Teeple, a minor, to play a game of billiards in his room with one Bert Juday. The affidavits were sworn to by Henry Dickerson before 'Squire Armantrout.

REPORTS ARE UNTRUE.

Decatur, Ind., March 9.—The report that has spread over the city regarding the contemplated closing of the schools on account of scarlet fever is causing the school officials much annoyance, inasmuch as it is wholly untrue. There are but a few cases of scarlet fever and those very mild, the patients being able to be up and around, and as yet there is not the danger or necessity of closing the schools.

All quiet along the Schuylkill save now and then an innocent bystander is shot. Otherwise the Philadelphia strike is very monotonous.

Chauncey Depew modestly declares that it was himself and not Platt who nominated Benjamin Harrison for president in 1888. Rather pathetic to behold the jocose doctor going back to remote times to found a claim to distinction.

In the matter of government graft and boodling France has come to the front with a scandal that must make American artists look sheepish. The agent in charge of the sale of church property under the separation law has been disclosed some over a million dollars shy, and the bottom has not yet been plumbed.

"I will go to work if necessary to support my wife." This was the courageous declaration of young Phil Knox after his distinguished papa had refused the paternal blessing upon the youth's runaway marriage. Let it be hoped the American secretary of state will do nothing to make it unnecessary that his bumptious son should appreciate the responsibility he has taken upon himself.

The mayor of Philadelphia is credited with the declaration that he does not believe in arbitration, either in strikes or between nations. On the contrary, he says that "if you and I have a dispute we alone can settle it satisfactorily." The Philadelphia Rapid Transit company and its employes have a dispute and are battering away at each other trying to settle it in their own way to their mutual satisfaction. Meanwhile there is disorder, riot, clubbing, shooting, bloodshed, destruction of property, prostration of industry, paralysis of business and the heaping up of a vast accumulation of expense for taxpayers to foot, not to speak of the multiplied individual losses that are inevitable in such a stupendous disturbance of the wonted activities of a great community. However, it would be grossly unreasonable, not to say outrageous, to look in the mind of a Philadelphia mayor for any consideration of the larger public interest.

Thomas C. Platt left a posthumous contribution to the historical literature of the politics of his times that bids fair to breed not a little acrimony among his contemporaries who survive. The gist of it is that he procured for Gen. Benjamin Harrison the presidential nomination in 1888 in consideration of a promise that Harrison was to give him the pick of the offices. Platt wanted to be secretary of the treasury and Harrison refused to appoint him. The "easy boss" tells the story of the bargain in a statement prepared by himself and entrusted to William E. Curtis, the well known correspondent, to be kept until both Platt and Harrison were dead. It involves the living and some of them are now attempting to absolve themselves from any unpleasant designations by this voice from the tomb. Friends of the late President Harrison are disposed to be aggressive in denial that the great Indianian could have been involved in any deal with Platt to the extent that Platt in his prepared statement avers. It will be difficult for any who knew Harrison well to believe it. General Harrison was a man of lofty type of character, sturdy in honor and stiff in his independence. He would scarcely have tied himself as hard and fast to Platt as the late New Yorker asserts. Platt may have been led to believe by the report of his emissary to Harrison that the Indiana man had entered into the bargain to the lengths Platt expected him to go, but that there must have been on General Harrison's part a very different understanding is easy to credit.

Washington dispatches these days carry much matter relating to the campaign plans of the administration and the standpat contingent in congress. Cannon is to be upborne in the arms of the president and the insurgent boroughs are to be invaded by the pick and flower of the reactionary talent. It may be the people are in a mood to be swayed by this manifestation of standpat solidarity, but it may very well be doubted. The tariff bill does not satisfy and other administration measures are not calculated to soothe the general feeling of opposition that has arisen. Here in Indiana, for instance, Senator Beveridge must appeal not to his party but to the people of the state. Can a standpat invasion of the state aid him? There is not much at present in the sounds that fill the air to lend hope to such conclusion. In Iowa the war is to be carried to Senator Cummins and in Wisconsin to Senator La-Follette. There is nothing in events at Washington to support a belief that the people of those two progressive states can be stampeded from men who have represented what the people believe. President Taft has undertaken a huge task. He cannot follow the Roosevelt footsteps as he appears to be bent on doing. He has not stirred the popular feeling as Roosevelt stirred it. He has not evoked the response of sympathy as Roosevelt evoked it. He is not the consummate political leader that Roosevelt disclosed himself to be. His measures have not appealed to the public conscience as Roosevelt's did. In short, President Taft is not Roosevelt. Whether he can rush into the battle and save congress to the party and the administration is the question that agitates the "regular" circles in Washington. It is evident that misgiving is felt and fear harbored for the outcome of the elections next fall.

BRANDS WATSON SLANDERER.

W. T. Ellis Defends Name of American Women in China.

Atlanta, Ga., March 9.—Announcing that he had come south to refute the charges made by Thomas E. Watson that Elsie Siegel was a missionary and that there are cases similar to that of this girl among the American women missionaries in China, William T. Ellis, a Philadelphia newspaper man, last night in an address before the Atlanta Bible conference roundly denounced the Georgia politician and editor. Mr. Ellis submitted affidavits and letters from the state department and elsewhere in disproof of the statement that Elsie Siegel was at any time employed as a missionary by any Christian church or association.

"This is the point that brings me south—Watson's monstrous charge that there are more American women led astray by the Chinese than there are converts. I owe it to the Georgia women that I met in the orient to come down here and nail that slander."

Thomas E. Watson refused to meet Mr. Ellis in joint debate on the subject of foreign missions. Last night Mr. Ellis declared that he would not now meet Mr. Watson in joint debate.

TAX LAND VALUES WAS ISSUE IN ENGLAND

Address of Henry George, Jr., to Presbyterian Men's Club.

One of the most interesting and instructive addresses that has been delivered at the meetings of the Men's club of the First Presbyterian church was that given Tuesday evening by Henry George, jr., of New York city, one of the leading thinkers of the country and late candidate for mayor in New York.

His address reviewed the fight made in Great Britain at the recent elections held and in which he participated to some extent as one of the speakers, being on a visit in that country at the time. His theme was "The Budget and the English Elections." Primarially, he said, the fight was on the tax budget, which finally centered around the question of taxing land values. This was the greatest issue and on it the victory was won. Reviewing at length the arguments of this land question he said:

"The leader of the hour in English affairs is David Lloyd-George, who offers strong opposition to Premier Asquith and his followers. Germany and Japan already see the possibilities and advisability of this land tax and are taking it up. It will be but a few years before America follows suit. This is absolutely necessary in order to prevent the lands being held by moneyed men for speculative purposes. Increased population increases the value of land and the fruits thereof should go to the people through the public exchequer."

There was a large audience of men present and Mr. George was given a most enthusiastic welcome. He did not arrive in the city until late, it being 9:30 before he entered the church. This was due to a delay in catching a train out of Detroit. He had expected to be here at 5 o'clock in the afternoon, but instead did not arrive until 9:20 in the evening. Mr. George is making a tour of some of the principal cities, speaking at many of them. After the address, which lasted over an hour and a quarter, refreshments were served by the Men's club.

THIRTY-SIX INJURED.

Electric Car Thrown From the Track at Los Angeles.

Los Angeles, Cal., March 9.—Thirty-six persons were injured, some of them so seriously that they probably will die, when an Oak Knoll car of the Pacific Electric system was tossed from the track by the engine of a freight train on the Salt Lake route last night. The electric car was crowded with people returning from the theater. The car had been brought to a stop at the crossing of the San Pedro, Los Angeles & Salt Lake tracks on Alice street and then was started up again and was half way over the crossing when the freight train crashed into the rear end of it, throwing it on its side and hurling the occupants through the windows and against the sides and roof of the car. Some were pinned underneath the car.

A REGULAR SERVICE IN NAVIGATION OF THE AIR

First Attempt of the Sort in Europe Will Begin on May 15.

Munich, Bavaria, March 9.—The first regular air navigation service in Europe will be started May 15. Regular trips will be made from this city alternately to Starnberg and Oberammergau. A dirigible balloon of the Parseval type, having a gas capacity of 6,700 cubic metres and driven by two motors of one hundred horse power each, will be used.

The aerial carriage will accomodate twelve passengers besides the crew. The fare for the round trip to Starnberg will be $55 and for the round trip to Oberammergau $175. The regular service will close for the season, Sept. 1. An officer from the German aeronautic corps has been detailed to serve as captain of the dirigible.

MUST CARD HOUSES.

Health Board Has New Ruling on Contagious Disease.

Dr. Eric Crull, secretary of the city health board, got instructions this morning from the state board of health to card all houses in which chickenpox, whooping cough and measles exist and stating that there is a penalty attached to failure to report these diseases.

The houses are not to be placed under quarantine, but the cards are to be posted as a warning so that persons who enter them will know just what they may expect to find. The order will be put into execution at once.

OLD NATIONAL BANK
ESTABLISHED 1835 FORT WAYNE, IND.
WHY YOU SHOULD DEPOSIT YOUR MONEY WITH THIS BANK

Every director of a National Bank is required by law to own a substantial amount of stock, and is forbidden to hypothecate it. A large portion of the capital stock of this bank is owned by the directors and they, therefore, have a personal interest in the business which they direct.

THE OLDEST BANK IN NORTHERN INDIANA

RESOURCES OVER $3,000,000.00

"Postal Savings" may be needed in some parts of the country, but not in Fort Wayne. A savings department, such as ours, in a National Bank fills the bill completely. It gives to the savings Depositor all the safeguards of the National banking system at a much better rate of interest.

It is often more difficult for people to save money than it is to make it, and as hard to invest it safely as it is to accumulate it.

GERMAN AMERICAN NATIONAL BANK

Money deposited in our savings department draws interest at the rate of 4 per cent per annum if left four full calendar months.

We frequently receive letters from other banks throughout the country asking for particulars regarding our savings department, and our example has been followed by many wide awake progressive institutions. We think that it is only a question of time before other Fort Wayne banks will extend to the public the same facilities that this bank has given since it was established five years ago.

LECTURED ON GERMANY.

Rt. Rev. Mgr. Oechtering Addresses Alumnae Association.

The Alumnae association of St. Augustine's academy turned out en masse Tuesday evening for the "Lecture on Germany," which was given at the academy by Rt. Rev. Mgr. John H. Oechtering, V. G., rector of St. Mary's church. His effort was a continuation of his accounts of his "trip abroad," given before the association several months ago. The lecture was given in the assembly room of the academy, which was artistically decorated in the class colors, yellow and white. Rt. Rev. Bishop Alerding, his secretary, Rev. William C. Miller, Rev. Charles Marr, of the Cathedral; Brothers Marcellinus, Exupere and Daniel, of the Central Catholic High school, were among the guests.

Millions of Lives Lost.

An Awful Toll Collected by Consumption. Many Unnecessary Deaths from this Disease.

If people could only understand that systemic catarrh is an internal disease that external applications cannot cure, they would not need to be warned so often about this malady, which, when neglected, paves the way oftentimes for consumption, at the cost of millions of lives every year. Yet catarrh may be cured, if the right treatment is employed.

Catarrh is caused by a general diseased state of the system which leads commonly to annoying and perhaps serious local conditions, which may prove a fertile breeding ground for germs of consumption. External remedies give but temporary ease.

The only way to successfully treat catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucous membrane or internal lining of the body is toned up and made capable of resisting the infection of consumption and other diseases.

We have a remedy prepared from the prescription of a physician who for thirty years studied and made catarrh a specialty, and whose record was a patient restored to health in every case where his treatment was followed as prescribed. That remedy is Rexall Mucu-Tone. We are so positive that it will completely overcome catarrh in all its various forms, whether acute or chronic, that we promise to return every penny paid us for the medicine in every case where it fails or for any reason does not satisfy the user.

We want you to try Rexall Mucu-Tone on our recommendation and guarantee. We are right here where you live, and you do not contract any obligation or risk when you try Rexall Mucu-Tone on our guarantee. We have Rexall Mucu-Tone in two sizes, 50 cents and $1.00. Very often the taking of one 50-cent bottle is sufficient to make a marked impression upon the case. Of course in chronic cases a longer treatment is necessary. The average in such instances is three $1.00 bottles. Remember you can obtain Rexall Remedies in Fort Wayne only at our store,—The Rexall Store. Meyer Bros. Co., Three Drug Stores.

DEACONESS APPOINTED FOR EVANGELICAL CHURCHES

Miss M. A. Schondelmayer, of Chicago, to Conduct Work Here.

With the growth of the work of Bethel Evangelical church and the organization of a congregation for the new Crescent avenue house of worship it has been decided to appoint a deaconess to assist in the work. Miss M. A. Schondelmayer, of Chicago, has been chosen and the young woman is

MISS M. A. SCHONDELMAYER,
Deaconess Appointed for Local Evangelical Church Work.

expected to arrive in the city today for the conduct of her new duties. She is a native of Michigan and has completed a three years' course at the Evangelical Deaconess' Home in Chicago. Equipped as a trained nurse as well as being highly competent in all departments of the work of the church with which she is identified, a successful career for Miss Schondelmayer is anticipated. During her stay in this city she will reside with Mrs. Catherine Hettler, 222 East DeWald street.

Considerable progress is being made in the erection of the church building in Lakeside. The main walls, which are of brick, will be completed today, leaving the tower and chimney to be finished. The contract for the inside finishing of the church has been let by the building committee to Adolph Grotholtmann. For several months the children of the Sunday school of the new church have been holding their sessions at the Lakeside school building. They will continue to do so until the completion of the basement Sunday school rooms at the new church which the pastor, Rev. Clifford D. Rarey anticipates will be about April 1.

Extensive improvements have been made in the basement of Bethel Evangelical church and rooms are being fitted up for the accommodation of the boys and girls of the primary department. The rooms will likely be ready for occupancy on Easter Sunday, March 27. The mid-week prayer service conducted by Rev. Clifford D. Rarey at Bethel church this evening will be followed by the regular meeting of the Teacher Training class.

CONVENTION CLOSES TODAY.

Stirring Addresses at Methodist Episcopal Meet.

"The physician has not yet been found who is able to cure Methodism of its spasms. This is an inherited tendency difficult to overcome. The Epworth league must stand in its place against this thing if it is ever to be overcome. The league has passed through its babyhood, through its childhood to the virile days of strong manhood and queenly womanhood and through this organization Methodism is just becoming big enough to begin the mastery of its great enterprises." Thus spoke Rev. Somerville Light, D. D., superintendent of the Goshen district in his address at this morning's session of the Methodist Episcopal conference at Simpson church. His topic was "The Young Life of the Church," or "The Epworth League in Its Relation to the Church."

"The needs of the church," continued Dr. Light in his address, "are first, churchmen of largeness of vision both in the pulpit and in the pew. To meet these needs we must build larger and richer character, based upon education and in doctrination. Secondly, we must bring young people to a training which involves big things. Young life of today should undertake larger tasks than those undertaken by our forefathers, if the church is to compass the undertakings of the present hour. The requisites for large churchman life insisted upon by the Epworth league must be intelligence, piety, loyalty and the evangelistic spirit."

In conclusion the speaker then pointed out the duty of pastors to organize the young people in their respective congregations. "Organize," he said, "an Epworth league in every one of your congregations where young people are to be found and have a junior league for the boys and girls if you would succeed in your work."

Another attractive address of the morning was given by the Rev. B. S. Hollopeter, D. D., superintendent of the Wabash district. His topic was, "Men of the Church." The duty of pastors and of the men of the congregations was strongly emphasized, showing that all should not only be active in their interest for the welfare and progress of the church, but should be co-operative in their labors.

Reports of Sunday school superintendents, Epworth league superintendents and presidents of Brotherhoods demonstrated that most efficient work had been done during the past year in the Fort Wayne district. The session closed with short addresses on "The Preacher's Aid Society" and the "Old People's Home," delivered by Revs. T. J. Johnson, M. A. Harlan and D. M. Guild.

Examination of Candidates.

Probably one of the most important features of this afternoon's session, which marked the close of the conference, was the examination of candidates. Other events were the reports of the committees, a series of addresses under the general topic "The World for Christ" and a consecration service preceding the adjournment.

The various committees are as follows:

To Examine Candidates for License to Preach—D. V. Williams and C. M. Edward.

To Examine Local Preachers in Course of Study—First year, Sherman Powell, E. L. Jones, P. H. Walter; second year, C. B. Dougherty, C. B. Sweeney, F. P. Johnson; third year, L. D. Dohl, E. A. Bunner, B. F. Hornaday; fourth year, R. A. Morrison, G. W. Kelsling, Edwin Dickson.

Register—J. K. Cecil.

For Admission Into Full Connection—W. B. Freeland, M. S. Marble, J. B. Cook, W. M. VanSlyke, C. W. Shoumaker.

Local Deacons' Orders—J. H. McNary, W. F. McCarty, D. A. J. Brown, C. M. Barnes.

General Qualifications—T. M. Hill, M. C. Pittinger, C. King, B. Sawyer, N. T. Pedycord.

New Work in the District — E. B. Brown, C. L. Marsh, J. C. Valentine, E. Dunbar, Joshua Jarvis.

Resolutions—L. M. Edwards, G. H. Myers, C. J. Graves, R. W. Stokes, C. W. Church.

Entertainment—R. C. Jones, William Enslen, C. C. Travis, J. K. Cecil, W. P. Herron, C. W. Jeffras, L. V Simms.

District Superintendent's Report.

District Superintendent C. U. Wade submitted statistics showing a full membership in the district of 11,620. There are 1,189 probationers, or 534 more than a year ago. Unusually big gains have been made in the Sunday school department which numbers 13,876 scholars. This is a gain of 960 over the previous year.

Many Greeted Dr. McConnell.

Two addresses Tuesday by Rev. Dr. Francis J. McConnell, president of De Pauw university, Greencastle, Ind., were heard by large audiences at the conference. The eminent educator was heard in the afternoon and evening sessions, and at the latter gave a stirring address on "Higher Education," showing clearly the rapid fire system of the present day in educating the children. There is urgent need for highly educated men and women and the demand far exceeds the supply, hence the rapidity.

Prof. McConnell gave a practical and simple talk on what might be termed "simplicity in teaching." He demonstrated the advanced methods adopted by modern pastors in bringing people to the houses of worship. In the olden days, before the advent of the 5-cent theater, the only attraction during the winter months was the revival services. In the present day there is too much to attract public attention outside of the churches and ministers have to wage a vigorous battle to bring the people, especially of the city, to take more than passing interest in things religious. "This is the time when pastors are in demand who have mastered the higher education," said Prof. McConnell. "In this great battle for souls it is necessary to compete with men in other professions who have in a way accomplished this higher education."

CLOSES LID ON SOUTH BEND.

Mayor Goetz Orders Strict Observance of Saloon Laws.

South Bend, Ind., March 9.—The lid was clamped on South Bend last night, and for the first time in years it was impossible after 11 o'clock to get into a saloon in the business or outlying districts. The order for the strict observance of the Indiana liquor laws came from Mayor Goetz. At midnight a tour of the city showed that the order had been obeyed to the letter, all screens being thrown back so as to allow a full view of the barrooms in compliance with the Nicholson law. According to information from a semi-official source, the lid is to remain on South Bend permanently. Saloons will close promptly at 11 p. m. and stay closed on Sunday.

COULD NOT ENDURE TAUNTS.

Lathrop, Mont., March 9.—Driven to desperation by the taunts of his schoolmates, who had been teasing him about a sweetheart, Eddie Hart, aged eleven years, committed suicide last night by shooting.

Mrs. H. G. Robertson, of Grand Rapids, Mich., who is the guest of Mrs. Nate Beadell, of East Wayne street, was the honor guest at an informal company of ladies who played five hundred yesterday afternoon at Mrs. Beadell's home. Mrs. A. M. Youngmarker won the prize. Delicious refreshments were served at the close of the game. This afternoon Mrs. W. D. Henderson invited the ladies Mrs. Robertson has met most frequently to her home in Lakeside and two tables of players enjoyed an informal card game.

* * *

One of the delightfully informal little companies of today was Mrs. George Evans' entertainment of a few ladies at her home in West Berry street.

* * *

Mrs. J. W. Goodyear, of Toledo, O., is visiting Mrs. Max Blitz.

Miss Anna Wilson, of Louisville, Ky., is visiting Mr. and Mrs. O. N. Heaton.

Mr. and Mrs. James Shields, of Old Fort place, are spending a week in Chicago.

The Misses Kimball are entertaining their niece, Mrs. W. E. Dartnell, of Pittsburg, Pa.

The Utile Dulci club met this afternoon with Mrs. Harry Waterman, of Home avenue.

Mrs. M. F. Johnston, of Richmond, is the guest of Miss Katherine Hamilton, of Clinton street.

Miss Bertha Schumaker, of Glasgow avenue, has returned from a visit with friends in Columbus.

Dr. and Mrs. Ben Perley Weaver have as their guest Dr. Weaver's mother, of Danville, Ill.

Miss Florence Wenninghoff has returned from a week's trip to New York city.

Miss Grace Beatty, of Youngstown, Ohio, is visiting Mrs. Dan McFee, of West Jefferson street.

Miss Jean McLachlan returned today to Schenectady, N. Y., after spending several months in this city.

Francis Sale has returned to Idaho, after a visit with relatives here for two months. Mr. Sale is engaged in engineering work.

Mr. and Mrs. Max B. Fisher and daughter, Miss Evelyn, and their nephew, Roger Fisher, will leave tomorrow for New York, and will sail in a few days for Europe, where the ladies expect to remain several months. The Messrs. Fisher will be away but six weeks.

Mr. and Mrs. E. A. Hoffman and Mrs. Walter Melick are expected home tomorrow from a trip to Florida, the Bahamas and Charleston, S. C., where they visited a party of Fort Wayne people who are spending some time with Lieut. Fred Freeman, U. S. N., who is stationed there.

Miss Lola Olinger, of 2117 Webster street, entertained a few friends informally with music and refreshments last evening. The guests were Misses Katherine Fox, Mary Burns, Ida Current, Elsie Meyers, Irene Borgman, Lottie Olinger, Alice and Anna Burns and Messrs. Joe Osborn, Geo. Gerkins, Homer Kelsey, Leo Rumbaugh, Chauncey Marshall, Frank Edsall and George Harkenrider.

Miss Ida May Rayhouser, who lives on the north side of the city was given a surprise party on Saturday afternoon in honor of her birthday anniversary. The children arrived early and passed a pleasant and a merry time in playing games until about 6 o'clock, when they were invited to the dining room and sat down to a beautifully decorated table for a fine supper. In playing a peanut game Viola Hueber and Luella Hueber won the prizes and in the donkey contest Ralston Craig and Ross Amack took the prizes. Miss Ida received many pretty souvenirs of the day. The children invited to the party were Mary Craig, Anna Kanoch, Emma Zutz, Mildred Schlacter, Viola Hueber, Luella Hueber, Esther Fredericks, Marian Prange, Ramona Kerr, Naomi Harshberger, Esther Rayhouser, Nora Jackson, Karl and Tilka Rayhouser, Ralston Craig, Ross Amack, Harold Jackson, Harry Thomas.

Welch—Blanchard.

A very pretty home wedding took place at 5 o'clock Tuesday evening at the home of Mr. and Mrs. Elmer Blanchard, of 1426 East Lewis street, when their attractive and accomplished daughter, Miss Flossie L. Blanchard, was united in marriage to Mr. Harwood A. Welch. While Miss Cora Somers was playing "Melody of Love" at the piano the bride and groom entered the parlor and took their place in front of a banking of ferns and palms. Rev. C. F. Eyrer, of Calvary U. B. church, performed the ceremony. The bride wore a becoming and beautiful gown of tan poplin and her bouquet was made of pink carnations. After the exchange of felicitations the wedding supper was served in the dining room, where the decorations were smilax and pink ferns. The bridegroom is a well known locomotive fireman for the Pennsylvania and is a son of Mr. Joseph Welch, of Warsaw, who was here to attend the wedding. Other guests from away were Mr. and Mrs. Clarence Welch and daughter and Miss Mary Welch, brother and sisters of the groom, and Mrs. C. F. Somers and daughter, Cora. The bride and groom will live for the present at 1426 East Lewis street.

EFFECTIVE GOWNS FOR INFORMAL RECEPTIONS.

Fur trimmed velvet gowns are stunning for informal reception wear, and one ornamented with black marten around the bottom, as is the model shown here, is most attractive for either a blonde or brunette.

The princess—or, rather, modified princess—illustrated, will be equally fashionable copied in velvet, silk or lightweight woolen materials.

The third dress, decorated with lace, while severe in style, is appropriate for afternoon use.

ANCIENT RIGHTS OF STATE CANNOT BE INFRINGED

Points Made in Briefs in Corporation Tax Appeal Cases.

Washington, March 9.—From the briefs filed in the supreme court of the United States in opposition to the corporation tax, lawyers have drawn the conclusion that one of the principal fights on the constitutionality of that measure is to be waged over the question of whether the tax is an infringement of the power of the state to grant franchises.

The cases come up for oral argument before United States court next week. Frederick R. Coudert, counsel in two of the cases in which the tax is opposed argues at length against the so-called infringement by the federal government.

Power to Grant Charters.

"The power to grant charters" he says "is one of the oldest state powers. It antedates the revolution. Taxation with its logically concomitant potential destruction of this power by the general government would thus be an attack upon, and possibly annihilation of one of the greatest and oldest of state functions."

In the brief of John G. Johnson and Frederick J. Stimson in opposition to the tax in another case the argument is concluded by this quotation from former Chief Justice Marshall:

"No political dreamer was ever wild enough to think of breaking down the lines which separate the states, and of compounding the American people into one common mass."

Same Point Emphasized.

Jed L. Washburn, in a brief in favor of holding the tax unconstitutional, refers to the same point as follows:

"If whatever the United States has a right to do" said he, "the individual states have no right to undo, it is equally true that whatever the individual states, in the exercise of the reserved power under the tenth amendment have a right to do, the congress of the United States has not the right to undo."

GAVE FINE CONCERT.

Herbert Houze, Organist, Mrs. Geake and Mr. Jillson at Third Church.

An organ recital of unusual excellence was given at the Third Presbyterian church last evening by Herbert A. Houze, of South Bend. Mrs. Hazel Mergel Geake, soprano, and Mr. Jillson, basso, assisted in the program. Both singers contributed to the pleasure of the audience, as they have voices of naturally sweet and rich quality and use them with skill and taste. The singers were greeted with much enthusiasm and were obliged to respond to encores. Miss Jessamine Bailey played sympathetic accompaniments with technical ease and contributed her share to the musical atmosphere of the program. Mr. Houze is an organist well worth hearing many times. He has great technical ability and handles the manuals of his instrument with the ease a pianist might play the scales. As an interpreter of big things for the organ Mr. Houze commanded much admiration. His facility in playing difficult compositions is marked, but in the lighter numbers he displayed the best taste in registration and expression. The entertainment was the closing one in the series of a lecture course given by the church.

Ruth Sheehan, Champion Speller of Allen County Public Schools, and Her Teacher.

RUTH SHEEHAN,

Who Won Honors as Champion Speller in Allen County Schools.

J. J. PETERS,

Teacher of Monroe Township School, Which Miss Sheehan Attends.

Little Miss Ruth Sheehan, of Monroe township, is the champion speller of the Allen county public schools, having won this distinction in the county spelling match last Saturday. The gifted young girl for seven and one-half hours successfully withstood the rapid fire of words from the lips of the pronouncers and saw her competitors one by one drop from the ranks until she was left alone in triumph, and a handsome gold medal attesting her victory was presented her.

Miss Sheehan is a pupil of the school known as the "Jones school," in District No. 2, Monroe township, and her teacher is J. J. Peters, whose portrait is also shown. Miss Sheehan is 13 years old, and is the daughter of Mr. and Mrs. Thomas Sheehan, who are prominent and highly-esteemed residents of Monroe township. Mr. Peters, who is justifiably proud of the triumph of his pupil, says that Miss Ruth is apt in all her studies, is very industrious and possesses a kind and cheerful disposition that makes her a firm favorite with all her friends. She is an accomplished musician, and is the organist at her school. Miss Ruth is one of a class of eight which will take the Eighth grade examination next month, and this is expected to demonstrate her ability not alone in spelling but in all other common school studies as well.

HOW NEW CLUB MAY BE MADE MOST EFFECTIVE

Committees for Commercial Club to be Named on Thursday Evening.

President P. A. Randall's suggestions for the most effective work by the new Commercial club of Fort Wayne will be outlined in his address which will be delivered at an important meeting of the merged organization, to be held Thursday evening at the new club house of the organization on Harrison street, and officers are especially anxious to have a very large attendance of the membership.

The meeting was at first erroneously announced as a directors' meeting, but instead it is a general meeting of the membership, held at a time when matters of utmost importance relative to the club's future work will be under discussion.

Another matter of interest will be the appointment of the big standing committees of the club, which will be announced by President Randall during the course of the evening.

CITY BREVITIES.

A. L. Randall is confined to his home by an attack of tonsilitis.

The new law firm of Leonard, Rose & Zollars has leased offices in the People's Trust and Savings building and they are being fitted up for occupancy as rapidly as possible. Judge James H. Rose will come from Auburn within a week to take up his practice with the new firm.

A civil service examination with three applicants was held at the federal building today. One wanted a place as matron in the Indian service, one sought work as a copyist and a third is after appointment as clerk in the Isthmian canal service.

FRANK GOULD NOT YET WED TO A NEW KELLY

Millionaire Admits It May Be an Event of the Future.

New York, March 9.—A cablegram was received today by friends of Frank Gould, it is said, announcing that his marriage with Miss Edith Kelly, the English dancer, may be an event of the future. Mr. Gould's friends sent him congratulatory messages last night on a report that he had wedded the little chorus girl in Europe. Mr. Gould is reported as saying in his cablegram that there will be no ceremony until permanent disposition is made regarding the two children by his former wife. Curiously enough the maiden name of the first Mrs. Gould was Miss Helen Kelly.

While the divorce proceedings were on Frank Gould met Miss Edith Kelly here and his attentions to her were very marked. Five months ago Gould and Miss Kelly departed for Europe.

Recently Miss Bessie Devoie brought suit against Frank Gould for breach of promise and asked for $100,000. She made public some love letters which she alleged were written by him.

DIED IN KANSAS CITY.

Mrs. N. P. Eckels, Formerly of Fort Wayne, Passes Away.

Mrs. N. P. Eckels, twenty years ago a resident of Fort Wayne, died Tuesday at her home in Kansas City at the age of 54 years, and the funeral service and interment will occur at Parkville, Mo.

Mrs. Eckels was the youngest daughter of Mr. and Mrs. Peter Notestine, pioneer residents of Cedar Creek township, and will be remembered by many friends here. The deceased was a sister of J. H. Notestine and Mrs. S. B. Bernard, of this city, Mrs. Joseph Porter, of Cedar Creek township, and of Benjamin Notestine, of Montana. John P. Notestine, of Leo, is a half-brother. Mrs. Eckels is survived by the husband and a daughter, Mrs. Hallie Duckworth, of Kansas City.

MOVE ON FAST SCHEDULE.

Fifty Business Men Go to Mishawaka to Study Light Problem.

The schedule for the something like fifty Fort Wayne business men who go to Mishawaka this afternoon to study the ornamental street lighting question is a fast one and will involve some lively traveling. The party left this afternoon at 4:20 o'clock over the Pennsylvania lines for Warsaw, due to arrive there at 5:18. At 5:30 the party will leave Warsaw in a special electric car for the run to Mishawaka by way of Goshen and Elkhart, and the car is due at Mishawaka at 7:30 o'clock. There will be a stop of but fifteen minutes before the run to South Bend, which is reached at 8:05, and but ten minutes is spent there before the start on the return to Warsaw. The latter city should be reached at 10:30 p. m., in ample time to catch the Pennsylvania train arriving in Fort Wayne at 11:50 o'clock. Luncheon will be served enroute by Caterer E. J. Longfield, of this city.

WAS KICKED IN THE FACE.

L. H. Schuler, Chicago Traveling Salesman, Is Painfully Hurt.

While awaiting a street car at Calhoun and Columbia streets today, L. H. Schuler, a Chicago traveling salesman, received an extensive cut and severe bruises about the face as the result of a kick from a horse. The animal was a young colt owned by Henry Horman, a farmer west of the city, and it kicked viciously just as Mr. Horman was driving past the spot where Mr. Schuler was standing. The injured man was taken to the D. & N. drugstore, where his injuries were dressed by a surgeon.

MR. PAGE'S FIGURES.

Editor of The Sentinel: We are promised another avalanche of fair (?) criticism of our city lighting plant and if your eyes are not blinded by the cash paid for the advertisement we would be pleased to have you point out from day to day some of the unwillingly admitted truths that appear in these articles, but are not printed with heavily leaded type.

First. This report of Mr. Page tells us that the city books are well kept, honestly kept, and that so far nothing has been found to create even a suspicion that incompetency or carelessness exists.

We are of the opinion that after all that has been said, as to the likelihood, yes, certainty, that such conditions would obtain if they do not already exist, the above admission goes far to satisfy the citizens of our good town that we are on the right road.

Second. It is admitted by Mr. Page that if no account is taken of depreciation or interest that the city made from the first day of September, 1908, and not a wheel was turned until after that, to the 1st day of January, 1910—16 months—a profit of $14,759.29.

Now how much depreciation occurred? Mr. Page says that while he has only given credit for actual earnings, he should be allowed to force into this first period the depreciation that will occur later. Hence he averages it. If he averages the depreciations he should average the earnings and if he will wait till the plant is well established it will prove either that his statement that the plant is a loser to the extent of $29,784.47 is false, or his figures at least unreliable.

It is enough for today to say that when Mr. Page sticks to actual figures he may be an expert, but when he theorizes for the benefit of the Traction company, he is outside his sphere of usefulness.

Scalloped Fish.

Any one of the coarser varieties of fish may be used in a scallop. Steam or boil the fish until the flesh comes away from the bones, then drain and break in flakes. For one quart of fish make a white sauce with two tablespoonfuls of butter and two of flour, one pint of milk, a teaspoonful of salt and half as much white pepper. Sprinkle the fish with salt, pepper, lemon juice, chopped parsley and a pinch of nutmeg. Fill a buttered dish with alternate layers of fish and sauce. Have some fine dry bread crumbs; mix with one cupful, two tablespoonfuls of melted butter; spread over the top layer and place in a hot oven until nicely browned. Garnish with a few tufts of parsley and thin sliced lemon.

Fruit Sago Meringue.

Pick over and wash two-thirds of a cupful of sago, add one pint of cold water and boil slowly until clear, stirring occasionally to prevent lumping. As it thickens add two more cupfuls of water. In a dish place the prepared fruit, sprinkle with sugar, pour over it the sago and bake long enough to cook the fruit. Make a meringue with the stiffly beaten whites of three eggs, a pinch of salt and powdered sugar. When stiff and glossy spread this over the top of the dish, sprinkle with powdered sugar and return to the oven until browned.

COUNCIL PASSES ON ORDINANCES AT SESSION

The Zollars Claim Did Not Come in for Action at Meeting.

Ordinances providing for two detective sergeants of police at salaries of $80 a month and one compelling railroad companies to stop all cars left standing on their tracks ten feet back from intersections of streets were passed by the city council last night and represented the first batch of business put through by the new body.

Whether or not the city can compel railroad companies to comply with the measure concerning the cars is a grave question as lawyers are inclined to the belief that they can let their cars stand any place they like within their own property lines. The committee on claims said it was not ready to report on the claim of the late Judge Allen Zollars and was given further time. A compromise offer of $1,500 has been submitted and is to be considered.

A communication from the state railroad commission to the mayor asking that a watchman be placed at the Wabash avenue crossing of the Wabash railroad was referred to the committee on rules and regulations and ordinances. A report was submitted showing that fire department horses appraised at $590 had been sold for $1,000 and a measure was introduced providing for the sale of another horse and one making an appropriation to replace it.

The judgment obtained by John M. Reinewald was referred to the claims committee and the city health board reported that three tests of the city drinking water supply had been made and that it was found to be pure.

Martin N. Detzer, secretary of the water works department submitted his report which showed total receipts of the water works last year to have been $98,686.12, less rebates, etc.—$97,365.17—added to which was $17,306.56 in hands of county treasurer January 1, 1909, from which was deducted total expenditures of $112,122.64, leaving a balance in the treasurer's hands January 1, 1910, of $3,149.09.

IN THE THEATERS

PATRICIA O'BRIEN'S DRESS.

Miss Stahl Believes That It Has Figured in Her Success.

Because of a superstitious belief that it is unlucky to discard anything that has figured in a stage success, Rose Stahl, as Patricia O'Brien, in "The Chorus Lady" is today wearing the same dress which she used in the original sketch five years ago, and it has done duty not only in America but in England, Scotland and Ireland. The skirt, which is one of cheap satin, boasts a dozen patches, while the tan coat which is a part of the costume has been relined eight times. The costume has been copied for bazaar dolls on several occasions. It has also done service for amateur imitations by society women for more times than can be remembered. When Cecilia Loftus was giving her impersonation of Patricia O'Brien at Weber's theater in New York, she discovered just previous to her initial performance that the costume could not be duplicated, so she wrote a letter to Miss Stahl asking her if she might borrow the costume each night after the first act of "The Chorus Lady." This was agreed to, and each evening the maid went in a cab to Hackett's theater, New York, where Miss Stahl was playing, and directly Miss Stahl had got out of the costume in the dressing room it was hastily bundled into a box, put into the cab and returned post haste to Weber's theater, where the whole outfit was donned by Miss Loftus in order to give her famous impersonation of Patricia O'Brien. Miss Stahl comes to the Majestic in "The Chorus Lady" on Thursday and Friday evenings.

SPECIAL MATINEE SATURDAY.

"A Gentleman from Mississippi" to be Given Two Performances.

The education of a fat and jovial Southern senator in the devious ways of Washington's social and political life forms the main theme of "A Gentleman from Mississippi," which will be given at the Majestic theater Saturday matinee and night, with the same great cast that has kept Chicago in a roar of laughter for many months. Messrs. Wm. A. Brady and Joseph R. Grismer have established a reputation for splendid productions and "A Gentleman from Mississippi" is their latest message of this sort. To begin with, the play is one of the most delightful comedies that has been seen in many years. Senator "Bill" Langdon has been sent from Mississippi to represent that state in Washington. The supporters of the trusts expect to find him an easy mark, but the simple old planter proves himself more than a match for them in diplomacy and fighting. He falls into the hands of Bud Haines, a young newspaper correspondent, whom he makes his private secretary and who guides him safely over the slippery places. Langdon's daughter and the secretary form a mutual attachment and this becomes the principal love interest of the play. The old senator himself becomes smitten with a widow, his eldest daughter and a congressman from her native state also become victims of the tender passion and the infection even spreads to Langdon's stenographer, who reciprocates the burning sentiment of a young newspaper man. The course of these true loves is filled with the proverbial rocks and the bumps they receive provoke much hearty laughter.

One of the delightful features of "A Gentleman from Mississippi" is its clean, wholesome wit and humor. There is not a suggestive or indecent line or situation in the entire play. It is the merriest of bright comedies yet the cleanest.

NEW BILL IS EXCELLENT.

Fine Production of "Under Two Flags" by Preston-Brickert Players.

The Preston-Brickert players were seen at the Majestic yesterday in two very fine performances of "Under Two Flags," and that the play and its presentation pleased immensely was amply evidenced by the unstinted applause. The dramatization of the famous novel by Ouida constitutes one of the best bills in which the favorite stock players have yet been seen, and there were some distinct individual triumphs by the players that handsomely supplemented the general excellence of the production. This was notably true of Miss Eaton in her spitfire character of Cigarette, the "daughter of the regiment," who gave a thoroughly satisfactory interpretation of the part. Her portrayal of the earlier and lighter scenes was strikingly contrasted with the emotion of the later action, where real depth of feeling is developed, and the work in both instances was admirable. Mr. Brickert is seen in another excellent role—that of Bertie Cecil, who, to save a brother from disgrace afterwards flees to Algiers and becomes a soldier of France—and this popular actor has seldom done better work than in this character. Mr. Greenfield interpolates a song in the comedy of the play which he shares with Miss Hall, and was compelled to respond again and again to encores. Mr. Roselli, a new "heavy" man, who has just joined the company, made his first appearance and gave promise of a high grade of work. All the other characters are satisfactorily played, and the production merits the kindly reception it received. "Under Two Flags" will be seen tonight for the last time in this city.

WILL CONNECT TWO SYSTEMS.

Road Across Colorado to Unite the Union and Southern Pacific.

Denver, Col., March 9.—The News today says that a north and south connection through Colorado for the Union Pacific and Southern Pacific railroads is one of the purposes of the recent incorporation of six subsidiary companies of the Southern Pacific railroad. The new line from Globe, Ariz., to Farmington, N. M., and Durango will connect with a proposed line to Cisco, Utah, from Durango and ultimately will be extended through the fruit belt of the grand valley in Utah and Colorado to Durango, Col., where connection will be made with the Wamsutter branch of the Union Pacific. The new road will tap the richest agricultural and mining section in western Colorado. There is an abundance of coal land practically undeveloped.

Foley's Kidney Pills

What They Will Do for Men and Women in Failing Health

The kidneys are the strainers of the blood. Diseased kidneys fail to eliminate the poisonous waste matter as it passes through them, and it re-enters the circulation, and upsets the whole system. It is an insidious trouble, as the change is gradual at first, but if neglected, it is likely to make rapid progress.

Headache, backache, "specks" before the eyes, irregular heart action, exhaustion, rheumatism and urinary irregularities are all signs of trouble that must not be disregarded. Foley's Kidney Pills strengthen the kidneys, and correct irregularities. They are healing and antiseptic, and assist nature to restore your health. They will purify your blood, and restore lost vitality and vigor. Commence taking them today, and you will feel better in a very short time.

Foley's Kidney Pills do not contain any harmful drugs and will cure kidney and bladder disorders that have refused to yield to other treatment, and if taken in time will prevent the development of Bright's Disease or Diabetes. You cannot be well, feel well or look well if your kidneys are deranged. See that you get the genuine Foley's Kidney Pills.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Paint Without Oil

Remarkable Discovery That Cuts Down the Cost of Paint Seventy-five Per Cent.

A Free Trial Package Is Mailed to Everyone Who Writes.

A. L. Rice, a prominent manufacturer of Adams, N. Y., has discovered a process of making a new kind of paint without the use of oil. He calls it Powderpaint. It comes in the form of a dry powder and all that is required is cold water to make a paint weather proof, fire proof and as durable as oil paint. It adheres to any surface, wood, stone or brick, spreads and looks like oil paint and costs about one-fourth as much.

Write to Mr. A. L. Rice, Manuf'r, 314 North St., Adams, N. Y., and he will send you a free trial package, also color card and full information showing you how you can save a good many dollars. Write today.

TOT'S INNER GUARD TO BE SAME AS IN 1909

Smith Does Not Expect Changes and Delivers Harmony Talk.

Terre Haute, Ind., March 9.—Although any promising youngster in search of an infield job can be assured a fair trial at the hands of Manager George F. Grossclow during the practice season here, President L. D. Smith does not anticipate any change in the inner guard as he believes he can profit best by working the four men who covered the post last year to better advantage than by chucking in a youngster.

This does not bar young players. If one or two can be picked up who can hit the ball and field they will be placed, but at that the old men have the best chance. In John Sommerlot he probably has the most promising young first baseman in the league and it's a bit of a wonder that he was not drafted last season by some major league club that wants a first sacker in pickle for future reference. He hit the ball well and played the bag in good shape.

He is a fixture and no attempt will be made to dislodge him as he can be shifted to short or third in event of an accident. Mickey McDonald played good ball at third and Sandy Murray gave good satisfaction at second. The manager will, of course, retain his position at short.

Eddie Goes is looked upon as the candidate for first job as catcher. He was injured and put out of the game last season just when he was beginning to show his best form behind the bat, but he will be all right for this season and all that is wanted is a good understudy for him.

"There will be a new outfield with the exception of old reliable George Wheeler who will hold down a garden. A couple of fast men are being looked up for the vacancies and when they are picked from the candidates the team will be in pretty fair shape. Smith banks on the fact that many of the men who were here last season will play again and that as they understand each other harmony will be preserved. On this subject he says:

"Any player who shows a disposition to kick over the traces will get it in the neck. I intend to have a club of men who understand each other and who stand ready at all times to sacrifice individual honor for the sake of the club. If the fellows I have under control get down to business and put up the article of ball they are capable of you will see Terre Haute higher in the percentage column than in years.

"The boys will know each other better than they did last season and we should escape their dissatisfaction that hurt us so last year. The men must work together. Any one who fails to help his team mate goes, you understand, goes. I don't care how good he is. If he won't work for the team he has no job on it. And he won't have either.

"I believe we have a chance to finish much higher than we did last year. My outfield looks stronger. So does my flinging staff. I won't claim anything now, but wait until the race is on and you will see the Tots stepping some."

ATHLETICS TO JUMP INTO PRACTICE APRIL 1

Montgomery is Getting Things in Shape for Reporting Time.

Zanesville, O., April 1.—Manager Roy Montgomery, who has demonstrated not only that he is a clever baseball manager but that he is some financier, has ordered his players to report here on April 1 and if the water that now covers the new ball field subsides he will start the men on their early stunts right away. If the water sticks he will get a new diamond.

The manager has been selling stock in the club with great success and the financial backing necessary to put the team on the road is in sight and in disposing of the stock and getting in the coin the head of the Athletics showed his financial ability.

Lack of funds to buy players who are to be cast off from the big leagues has forced Montgomery to adopt the same plan he carried out last season. He will try to build up his club from a lot of youngsters he has picked up and believes that in view of the fact that he made a chase for the flag last year with a bunch of raw ones he can do just as well in 1910.

He has lines out for three men who are free agents by reason of the fact that the Aberdeen club of the Northwestern league has been declared disbanded. These are seasoned players and include a catcher, a pitcher and an outfielder and all are said to be good men. Manager Montgomery wired them a day or two ago and is looking for answers.

A new club house is to be put up for the men, but the water on the lot has prevented it thus far an dunttl it subsides nothing can be done. It was hoped to have this all ready by reporting time.

REACH'S 1910 GUIDE.

Reach's Official American League Guide for 1910, published by the A. J. Reach Company, of Philadelphia, and edited by Mr. Francis C. Richter, of "Sporting Life," is out, and is, as usual, first in the field, thus making it the harbinger of the baseball season. It can be said without any qualification that, excellent as all of the editions of the Reach Guide have been in recent years, the 1910 Guide is the best hand book of the kind ever issued by this or any other publisher. The special distinction of the 1910 Guide is, next to the text, quality of paper used and the number and beauty of the engravings furnished, the world's championship series being specially well dowered with splendid action pictures. The American League Guide for 1910 is in all respects a first-class hand book for the National game and a decided credit to the American League and to the publishers, the Reach Company. This is the ninth annual issue of the Reach Guide as the official handbook of the American League and the twenty-eighth consecutive year of its publication as a book of record and reference for the entire baseball world.

DISEASE ORIGINATES IN THE BLOOD.

Pure blood is a safe-guard against disease. Keep your blood rich in iron, and its essential elements, and the body will be healthy, strong and well. The best way to administer iron is by taking VINOL, which is a combination of the medicinal elements of Cod Liver Oil and Tonic Iron; it makes red blood corpuscles and thus creates strength quicker than any other method. Here is a fish story of the 1910 crop published by the St. Jamo's Budget: "While Mr. McRorie, an angler visiting Loch Tay, was fishing in the Killin water with two rods, two salmon took the baits simultaneously and both were secured. The salmon weighed seventeen pounds each."

MILO STRATTON HAS NOT QUIT GAME AT ALL

Bill Phillips Says He Will Be at Wheeling and Will Play Ball.

Wheeling, W. Va., March 9.—Milo Stratton will not quit baseball in the spring and will be back at Wheeling behind the bat most of the time next year. This is about the most refreshing piece of baseball news Manager Bill Phillips had to impart while he was here in a consultation with President B. F. Perkins and Secretary W. W. Irwin, of the local club.

He also said that a report to the effect that Bob Tarleton had announced his retirement from professional ball unless he could get his release and play at New Orleans is also pure moonshine. Both men will be here.

Another baseball story that the manager took time to deny is that he had ever thought of trying to secure Lester Channell for his outfield. He said the story is silly from the fact that he can not be returned to class B unless Claude H. Varnell, owner of the Fort Wayne club refuses to pay back the draft price and take him and it's a cinch, said the manager that Varnell will take him if he gets an opportunity.

There is no disposition on the part of modest Bill to claim the pennant. He says he will have as good a club as he had last season and the one he had then took the pennant, but he must count on going up against a few clubs that will have been greatly strengthened and therefore he is not making any claims.

Just what he had to say to the club owners is a matter that was not made public, but from the fact that Phillips is shaping up his affairs so he can go to Hot Springs with the Pittsburg club gives rise to a report that he consulted the magnates about purchasing any good timber that might be cut loose by the majors during the spring training trip.

In order to give Stratton a reliable man to help him behind the bat Phillips has signed Ed Stanley, who was farmed out to Canton last season and made good in the fast O.-P. circuit. Another young catcher just signed is John Snyder, of Glassport, Pa., who has done good work for semi-professional teams.

The players signed or under reserve are the following, but not all will report for training on April 10. It is the intention of Phillips to have about eighteen men report here at that time. The list follows:

Pitchers—W. O. Wolf, Joe Jerger, W. Garten, J. O'Neil, C. Druhot, W. Richardson, F. Still, E. Fosburg, W. Doak, J. Compton.

Catchers—M. Stratton, E. Stanley, J. Snyder.

Infielders—Shelton, Nebinger, Lattimore, Graf, Kinsley, Duffy, Cariss, R. Tarleton, P. Mason.

Outfielders—Bisland, Magie, Donahue, Gray, Tate, Harris, Hartig, Ralston.

Are you frequently hoarse? Do you have that annoying tickling in your throat? Does your cough annoy you at night, and do you raise mucus in the morning? Do you want relief? If so, take Chamberlain's Cough Remedy and you will be pleased. Sold by all dealers.

BOWLERS HAD GOOD TIME AND SOME BAD LUCK

Slippery Runways Got Their Goats in the First Game.

Most of the bowlers of the Fort Wayne contingent got back last night from Detroit and while they are a bit discouraged over the showing they made in the tournament they all had a good time and are pleased with the trip. Frank Hills may get inside the money in the singles but he is the only bowler who has any sort of a chance to pull down any coin.

The men say that the runways were very slippery, a fact they did not discover until they got on the alleys and this got most of their goats right from the start. Then they were chucked on the alleys in the five-man events at a bad time of the night and a lot of things conspired to cripple them, but on top of all this they are willing to admit they did not bowl up to their usual marks.

The announcement of the prize money money has been made and it shows a total of $29,920 paid as entry fees, the largest amount ever secured by the congress in its history. First prize in the fives will be $800, the other nine leaders being $675, $575, $480, $415, $360, $310, $265, $225 and $200. Twentieth is $95; thirtieth, $52; fortieth, $41, while eightieth is $26, the lowest.

In the doubles the ten leading prizes are $500, $400, $350, $300, $250, $200, $160, $130, $120, $100. Twentieth is $49; fiftieth is $40, one hundredth, $30; one hundred and fiftieth, $20, and one hundred and ninety-seventh, $11.

Larry Sutton's successor in the individual title will get $325, the other nine highest prizes being $265, $225, $190, $165, $140, $120, $100, $90, $80. Twentieth will be $47; fiftieth, $38; one hundredth, $29; one hundred and fiftieth, $19; two hundredth, $10, and four hundred and first, $6. The all events will draw twenty prizes, ranging from $200, $140, $100, $75, $60 to $15. Every winner this year will draw more than his entrance fee according to the list. Last year there were seventy-seven prizes in the fives, 160 in the doubles, 315 in the singles, and 16 in the all events.

Fully nine out of every ten cases of rheumatism is simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, neither of which require any internal treatment. All that is needed to afford relief is the free application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by all dealers.

'Bugs' Raymond Gets New Job--He's Bench Captain

Manager McGraw, of the Giants, who has his crew training at Marlin Springs, Texas, solved the problem of getting Bugs Raymond into condition when he formally appointed him captain of the "bench warmers" and gave him $5 a week extra pay and in cash to keep on the job. There are so many in the squad that some of the ball players have to sit on the bench while the others are on the field. It has been a hard problem what to do with those that loll around in the sun so much that they have got the name of "bench warmers."

Raymond is a notorious "warmer," and to keep out of McGraw's sight and consequently out of work he will climb over the fence in pretense of chasing foul balls. Yesterday McGraw found the Bugs sitting outside the park eating hot tamales. Raymond had made friends with a vender and already established a line of credit. "Here, Bugs!" said McGraw, "I've got a job for you. I'm going to give you $5 a week in cash to see that these bench warmers keep running around the park while the two teams are playing."

During a lull in the practice Bugs got busy. He thought it such a good joke that he forgot about running himself, but McGraw kept him moving, and when the practice was over Raymond was in a profuse perspiration. After the bath he looked better than he has in months.

OWNIE BUSH WANTS THE MONEY WHILE HE IS SHINING

Ownie Bush in Detroit is the same level headed little fellow he was three seasons ago when he was helping South Bend try to win a pennant. His wonderful success in the American league—the majority name him as the greatest shortstop in the organization—has effected his head not at all.

The little fellow takes a philosophical view of his present holdout from the Detroit club.

"If I don't get the money when I'm able to command it I never will get it," said the diminutive whirlwind. "I believe that too many ball players fail to take advantage of their earning ability. All I want and demand is what it would cost the club to get a first-class shortstop. I'm young and I haven't had a whole lot of league experience, but while I'm making good I intend to get the money. That's what I'm in the game for."

HATEFUL.

"It's mother's birthday tomorrow, Frank. I'm going to wire her 'Many happy returns.'"

"Please, don't. She may make them."

"Make what?"

"The returns!"

WHIMS AND HOBBIES ARE THE VULNERABLE POINTS

The manner in which ball players study the hobbies and habits of their opponents and pick out every little weak and strong point was uncovered during a fanning bee in the lobby of the Bentley hotel at Alexandria the other night.

According to the dope of the players every pitcher has his little whim, and the best way to get the best of him is to beat him out of his heart's desire. In other words, a club is always working to get the "goat" of the opposing hurler.

The best way to beat George Mullin, leading twirler of the league last season, is to keep him from getting base hits.

Mullin is a good batter and would rather whang the ball to safe territory than eat. When he is hitting he is the happiest man in the world. When he fails to connect, he is rather gloomy.

When hitting, Mullin will pitch a brand of ball that will beat almost any club. When he fails to connect his pitching is not so good.

The thing to do is to keep Mullin from hitting the ball on his first trip to the plate. If he gets a single the first time up, he is one of the very best pitchers in the world from then on. If he fails to clout on his first time up, he is only an average hurler when he resumes his position on the mound.

Other pitchers have their whims. Some hate to walk the first batter and others feel doomed to defeat if they fan the first man that faces them.

Some hurlers think they are going to lose just as soon as a batter hits their pet curve. Every pitcher has one fooler that is more effective than the others. He depends upon that particular fooler in pinches. He loses heart if a batter swats his pet for he figures that if they can hit his best stuff there is no chance of fooling them with his other line of goods.

TOM M'CARTHY GOING A GOOD GAIT WITH INDIANS

In a special to the Indianapolis News there is the following about Tom McCarthy, who is at Waco with the Browns:

"If Tom McCarthy makes the team, and the indications are that he will, he probably will be rated the best fielding pitcher in the American association. That is the honor he gained in the National league in the two seasons he played in that organization and the distinction was by no means insignificant. To remain in fast company pitchers must be good fielders and many pitching stars have been relegated because of inability to handle the ball successfully when it was hit at them. McCarthy scintillates at handling bunts and bad bounders and he has a cool head when in a game. It looks as if he is sure to make good."

HOW HE CURED HIS RHEUMATISM

"Six years ago I had a severe attack of Rheumatism. I was confined to my bed for six months, and the doctors seemed unable to help me. I tried many liniments, plasters, home remedies, etc., but none of them gave me any permanent relief; the symptoms always returned when such treatment was left off. My knees and elbows were terribly swollen, so bad in fact, that for a while I could not move hand or foot. I certainly had one of the severest cases of Rheumatism I ever heard of. I was getting discouraged when I heard of S. S. S., but as it was recommended to me as a fine treatment for Rheumatism I began its use. This medicine soon helped me, and I continued taking it until I was cured sound and well. S. S. S. relieved the swelling, purified my blood, stopped all pain, and cured me entirely. This was six years ago and I have not had Rheumatism since."

1355 Mt. Vernon Ave., Columbus, O. R. H. CHAPMAN.

The severity of Mr. Chapman's case of Rheumatism proves the value of S. S. S. as a cure for this disease. It is just another demonstration of the fact that only a blood purifier can conquer the trouble.

Rheumatism is an acrid blood fermentation; a souring of the circulation from an excess of uric acid in the blood stream. This uratic impurity is transmitted to the blood through the process of absorption, and comes as a result of constipation, indigestion, weak kidneys, etc.

When the blood becomes infected with this uratic impurity the complications of Rheumatism are set up. The circulation is no longer able to furnish the different muscles, nerves, joints and bones with nourishment and strength, but instead deposits into these members the gritty, pain-producing acid with which it is contaminated.

Rheumatism is usually manifested in the joints and muscles. It is here its sharpest twinges of pain are felt, and stiffening of ligaments and tendons first commence. The pain of Rheumatism is caused by the contact of the censory nerves with the gritty, acrid formation which uric acid causes to accumulate in the corpuscles of the blood. The severer symptoms of the disease come on gradually. Constantly the circulation deposits the uric acid particles into the muscles and joints, and slowly the natural fluids are dried up or hardened. Then Rheumatism becomes chronic and serious, and if allowed to run on, may permanently cripple, or break down the health of the sufferer. Like all blood diseases, Rheumatism can be transmitted from generation to generation. This explains why young persons, and others, are afflicted with it, who have always been healthy otherwise.

There is but one way to cure Rheumatism, and that is to purify the blood—cleanse the circulation of the uric acid impurity. S.S.S. goes into the blood and attacks the disease at its head, and by removing every particle of the uratic matter, and building up the blood to a healthful condition, this medicine destroys the cause and cures Rheumatism. When S. S. S. has cleansed the blood of the acrid impurity, enriched and warmed the circulation, then the nerves are quieted, the muscles become elastic, the blood tissues are thickened and freshened, all pain disappears, and the feverish, inflamed flesh is soothed and made comfortable. Nothing equals S. S. S. as a cure for Rheumatism, because nothing equals it as a blood purifier. Insist on getting S. S. S. We have a special home treatment book on Rheumatism which we will send free to all who write.

Report of Howard P. Page, Esq., Certified Public Accountant, of the Municipal and Commercial Lighting Plant of the City of Fort Wayne:

AN analysis of the report of Howard P. Page, Esq., upon the operation and cost of the municipal plant summarized, simply shows that there is a deficit or loss from operation based on usual business and accounting practice up to this date of $29,784.47.

That is, the total cost of operation from September 1, 1908, to December 31, 1909, including interest and depreciation, have amounted to $86,516.85
And the total gross earnings of all kinds for the same period have amounted to 56,732.38

Or a loss of $29,784.47
The report also shows that during the period of the use of meters, from April 1st, 1909, to December 31st, 1909, the operating expenses, including interest and depreciation, have amounted to 51,018.94
And gross earnings of all kinds were 39,667.64

Or a loss of $11,361.30
The statement also shows that the operating expenses per kilowatt hour during that time, from April 1st, 1909, to December 31st, 1909, were 7.67c
And that the gross earnings during the same time were 5.96c

Or a loss for each kilowatt hour of current furnished, of 1.71c
An analysis of the gross earnings per kilowatt hours, April 1st, 1909, to December 31st, 1909, of the **public commercial lighting,** shows that the total operating expenses were 8.71c
And that the total carings were ..... 6.7 c

Or a loss for each kilowatt hour of 2.01c

Basing the expenses on a percentage of the earnings of the commercial incandescent service to the gross earnings.

These startling figures have been compiled by the accountant who has taken a copy of every entry on the books of the city, and who will be glad to submit his detailed report, covering 88 pages of figures, to the city authorities and be prepared to go over the same with them, or with any accountant they may choose to select. This enormous labor represents one of the most complete analytical reports ever prepared in connection with a property or electric lighting plant. All of the calculations of depreciation and interest are simply dealt with as if the city was engaged in a business proposition precisely the same as any business man or corporation, and it is that point of view which the report presents with the greatest detail and clearness of explanation.

HOWARD P. PAGE,
Certified Public Accountant,
Baltimore, Maryland.
FEBRUARY 23rd, 1910.

Mr. J. Levering Jones, President,
Ft. Wayne & Wabash Valley Traction Co., Philadelphia, Pa.

Dear Sir:—In compliance with your request I have made an examination of the books and accounts of the City of Fort Wayne, Ind., with reference to the operation and cost of the municipal electric lighting plant, and beg to hand you herewith adjusted statements of earnings and expenses, cost of property and balance sheet, as of December 31st, 1909.

The earnings and expenses for the period of operation, September 1st, 1908, to December 31st, 1909, are as follows:

GROSS EARNINGS.

City arcs	$30,003.39
City incandescent	3,334.68
City power	5,247.01
City steam	6,616.86
Total city	$45,201.94
Commercial incandescent	8,530.67
Commercial power	2,255.84
Street arches	743.93
Total earnings	$56,732.38

OPERATING EXPENSES.

Power house	$33,045.64
Distribution	5,588.82
General expense	3,338.63
Total operating	$41,973.09
Net	14,759.29
Depreciation (16 months)	27,356.62
Interest (16 months)	17,187.14
	$44,543.76

Deficit from operation based on usual business and accounting practice $29,784.47

The total cost of the property, plant and lines to December 31st, 1909, was $229,197.26, divided as follows:

Plant, building and machinery (including lost interest during accumulation of building fund	$192,338.53
Pole line, extensions, meters and transformers	36,858.73

This does not include, however, a pending claim of the McBryde Electric company of $26,608.16.

The adjusted statements herewith were compiled from the books of the municipal electric lighting plant, and in every particular represent figures thereon shown except depreciation allowance of $27,356.62 and interest of $17,187.14 on capital invested, and except, in the case of the meter inspector whose salary was paid from a special appropriation, but whose services were used by the electric light plant. This amount of $900 for the year 1909 has been charged under distribution expenses, meter reading and inspecting.

Salaries of office clerks amounting to only $60 have been paid by the electric light plant and are included at this amount in the attached statements, while the company has had need for and has had the use of a clerk for some months past, his salary having been provided from outside sources.

In treating the capital account of the plant, 6% interest has been charged on the amount of taxes which have been assessed since 1899, from the date of delivery of the funds to the treasurer to the end of the respective years and 6% interest on the sum total of these amounts for the next succeeding year and so on through the period of accumulation, this showing the value of the cash paid into the fund and its value at the end of the period of accumulation. The interest so charged amounts to $41,619.33, while the interest earned by the investment of part of the funds during the accumulation period amounted to $13,643.66, the difference between these, amounting to $27,975.67, has been charged to cost of property as representing the interest unearned or lost and which forms part of the capital cost of the plant.

The amount of cash paid into the fund, with the accrued interest to August 31st, 1908, was $196,759.11, and is the amount of capital investment on which interest has been charged through the operating accounts from September 1st, 1908, and as payments were made into the fund from taxes or appropriations, interest charges have been increased accordingly.

A charge of 10% per annum has been made through the operating accounts for depreciation, covering the plant, line extensions, meters and transformers. This item is the average depreciation charge allowed by the best electrical experts.

Value has been allowed for the inventory of material and supplies on hand December 31st, 1909, as per details furnished by the superintendent, the values having been determined from the charges on the original vouchers.

On April 1st, 1909, meters were installed at the power house which give the monthly K. W. output, basing the loss in distribution for street arches on the known loss in distribution for commercial service of 28.67%, the adjusted accounts herewith, show that from April 1st to December 31st, 1909, the earnings and expenses per K. W. were as follows:

K. W. Output: Station meters—		
City arcs	$ 349,846	
Commercial service	582,250	
	932,090	
K. W. consumption at Commercial meters	415,336	
Loss in distribution	28.67%	
Basing consumption of street arcs on estimated loss in distribution of 28.67%:		
Street arcs (est. consumption)	249,542	
Commercial (actual consumption)	415,336	
Total K. W. delivered at service connection	664,878	
Gross earnings (April 1 to Dec. 31, 1909)		$39,667.64
Operating expenses (April 1 to Dec. 31, 1909)		51,018.94
Power house	$19,708.62	
Distribution	3,174.29	
General expenses	1,994.94	
Depreciation	16,002.42	
Interest	10,138.67	
Gross earnings per K. W. (April 1 to Dec. 31, 1909)		.0596
Operating expenses K. W. (April 1 to Dec. 31, 1909)		.0767

An analysis of the gross earnings per kilowatt hours, April 1st, 1909 to December 31st, of the **public commercial lighting** shows that the total operating expenses were 8.71c
And that the total earnings were ..... 6.7 c
Or a loss for each kilowatt hour of 2.01c

Basing the expense on a percentage of the earnings of the commercial incandescent service to the gross earnings.

THE SHOP AND RAIL NEWS

$12,000,000 WORTH OF CARS

Orders to That Amount are Booked by the Builders.

BIGGEST DAY THE PLANTS EVER HAD

News About the Shops and Local Railways—Some Accidents.

Yesterday the car building establishments at Pittsburg received orders for cars the aggregate cost of which will be over $12,000,000, the largest business placed in a single day in the history of car building at that place. The stipulations of all orders are that the cars must be built and delivered just as soon as possible. Twelve tons of steel go into the construction of the modern steel car, making the cost per car about $1,200. The steel car factories are putting on more men as rapidly as they can be secured and other arrangements for facilitating the building of the cars are being made.

HEARS OF BROTHER'S DEATH.

Sad news awaited the return of Fireman John Koselka from his run out on the Pennsylvania last night. The message stated that his brother, Felix Koselka, was dead at the family home near Wanatah. The particulars were not given in the telegram and Mr. Koselka is inclined to the belief that his brother's death was the result of an accident, probably while out hunting, as he was very fond of that sport. The deceased was about twenty-one years old and resided with his parents on a farm a short distance from Wanatah. Fireman Koselka went to Wanatah this morning to attend the funeral.

J. B. CRAWFORD RESIGNS.

J. B. Crawford has resigned the superintendency of the Winona interurban lines, a position he assumed last September. Mr. Crawford is well known in Fort Wayne. He was for awhile superintendent of the Fort Wayne and Wabash Valley Traction lines and was transferred to Kentucky in a similar capacity. A change down there resulted in his return to this city to take a position with the traction people, which he held until he received the appointment on the Winona lines.

SHOP CLERKS WON.

The bowling game at the Kappel alleys between teams composed of men in the Pennsylvania shop clerk's office and men in the motive power office last night resulted in victory for the shop clerks. The motive power team was composed of B. Saver, F. V. DeHaven, John R. Conick, S. W. Bostick and E. B. DeVilbiss, and the shop clerks' team of A. F. Kampe, A. Stier, R. C. Smith, C. B. Gushing and J. G. Alter.

RETIRES FROM BUSINESS.

Fred Freuchtenicht, of the Pennsylvania machine shop, who has been interested with his father in poultry raising, is arranging to retire from that business. The poultry farm south of the city is to be sold this spring and Henry Freuchtenicht, who has had personal supervision of it, will go to Oregon and engage in fruit raising. Fred will be interested in the fruit farm also, but will remain here and retain his position at the shop.

BROUGHT FAMILY HERE.

Stewart Kellior, who recently came here from St. Thomas, Ontario, to take a clerical position with the Wabash, brought his wife and baby here yesterday and the family is now located in comfortable quarters at 408 Baker street and are residents of Fort Wayne.

CLEVELAND GREYS TONIGHT.

The famous Cleveland Greys, Ohio National Guard, will pass through the city tonight on a special train over the Pennsylvania, running as a second section of No. 24. This military organization has been making a tour of the west and south, spending a great deal of the time in Mexico and is now coming home. The Greys were held up by the snow avalanche two or three days.

COOPER TO ADDRESS ENGINEERS.

The American Institute of Electrical Engineers, Fort Wayne section, will be addressed tomorrow night by O. Cooper, switchboard engineer at the Fort Wayne Electric works. His subject will be "Three Wire Switchboards," a part of electrical work that has occupied his attention for several years and with which he is very familiar.

FROM SHOP TO STORE.

After a service of about nine months in the receiving department at the store room of the Fort Wayne Electric works, Herman H. Hilker resigned this morning and tomorrow morning he will take a position at the Fruit House. His successor at the Electric works has not been named. Mr. Hilker served as a clerk at the Fruit House twenty-two years and he is familiar with the work there.

RECEIVED SCALP WOUND.

W. H. Felger, a painter at the Pennsylvania shops, was struck on the head by the guard arm at the elevator while he was lowering some material down the shaft yesterday. The blow produced a bad scalp wound, which will put the unfortunate man on the disability list a few days at least.

RECOVERED AND REPORTED.

A number of men who had been off duty on account of sickness or accident reported for work at the Pennsylvania shops this morning. Among them were Foreman J. R. Kretsinger, of the Planing mills, who was sick a week; F. A. Allen, P. G. Lepper, E. H. W. Dornte, W. F. Gaskill, Fred Romary and C. W. Kickley.

JOHN RHINESMITH BETTER.

John Rhinesmith, who suffered a stroke of paralysis a week or ten days ago, is slowly recovering and unless he sustains another attack, will be out in a week or two. Mr. Rhinesmith has been connected with the Rhinesmith & Simonson company many years and is one of the best known planing mills and lumber men in the state.

FOOT AND TOES BRUISED.

Boilermaker Henry Hilleke will be unable to report for work at the Pennsylvania shops for a few days as a result of an accident last evening. While at work a piece of iron dropped upon one of his feet, bruising the member and the toes, but fortunately not breaking any of the bones.

GOES TO THE HOSPITAL.

M. S. Willson, of the Electric works, who was taken sick two weeks ago, is not improving and his case is a puzzle to the attending physicians. He went to the hospital Monday to have an X-ray examination and is still there, but has not shown any improvement by the new treatment.

SHOPMEN TO BOWL.

The Bass bowling team and the Packard bowling team will have a game Saturday night and the Bass and the Electric teams will have a game a week from Saturday night.

ON COMMITTEE WORK.

Conductor W. E. Rowe, of the Wabash, is again on committee duty for the B. R. T. on that line. He went to Peru this morning and may go to St. Louis before he completes the work.

HAS BAD CASE OF MEASLES.

J. E. Mason, a plumber at the Pennsylvania shops, is very sick with the measles. He has been bedfast for two days, but was reported better this morning.

INDUSTRIAL NOTES.

Ed Regel, an apprentice at the Bass shops, has returned to his duties after a week's illness.

Frank Lane, electrical engineer of the Wabash, with headquarters at Decatur, was in the city today.

Henry Jackson resumed his duties in the Wabash shops this morning. He had a foot hurt a few days ago.

A. L. Hadley, of the Fort Wayne Electric works, left at noon today for Madison, Wis., on business for the company.

Dispatcher S. B. Eckenrode, of the G. R. & I., is still quite sick with the grip. He has now been off duty about a week.

W. H. Moeller, O. P. Snook, J. A. Kallmeyer and F. C. Reiter are sick and off duty at the Pennsylvania shops.

Mrs. Hughes, the mother of James and Frank Hughes, of the Pennsylvania, is quite sick at the home of the former.

G. D. Wansitler, of the Pennsylvania boiler shop, got a piece of steel in one of his eyes yesterday and has been unable to work since.

E. Ebrecht had a finger injured this morning while at work in the Pennsylvania machine shop and had to take a lay off for repairs.

Robert Neidhammer resumed his work in the Pennsylvania copper shop, after an absence on account of the death of his brother.

Local machinists are in receipt of invitations to attend the annual ball of the Machinists' union at Peru, Thursday evening, March 31.

James Ryan, a son of Blacksmith Andy Ryan, took a position in the Pennsylvania machine shop this morning. The young man was for some time engaged in cement work.

W. N. Hosterman, a Pennsylvania lineman, went to Dola, Ohio, this morning to take up the work of wiring the company's plant, which is very near completion.

The Wabash will run a special train into Danville tomorrow evening to handle the people from Attica, Williamsport and West Lebanon who want to attend the meetings of Evangelist William Sunday, which are now in progress at Danville.

Foreman Thomas Blythe, of the Bass machine shop, was presented with a baby daughter yesterday, the first child in the family. Cigars for the boys accompanied Mr. Blythe to the shop this morning.

W. Bergen, assistant to the chief engineer of the Nickel Plate, is in the city on business for the department. The Nickel Plate has under contemplation a number of improvements this year and a part of them will be on the Western division.

John Rupp is nursing an injured foot and will be absent from his work in the Pennsylvania blacksmith shop for a few days. Fred Muelljenbruck is away from the shop on account of the machinery of his forge being out of commission and undergoing repairs.

C. M. Preble has engaged in the life, accident and fire insurance business. He was for a number of years employed as a brakeman on the Pennsylvania road, resigning three or four years ago to become a deputy state railway commissioner, from which office he retired soon after Governor Marshall was inaugurated.

It is believed that E. A. Ford, who will leave in a few days for California, will never return east to reside. Mr. Ford, who becomes seventy years old April 15, will retire from the office of passenger traffic manager of the Pennsylvania May 1 and be succeeded by Col. Samuel Moody. Mr. Ford will be in California then and will make that state his home hereafter.

C. J. Wagner and W. S. Messimore, machinists' helpers, and Henry Walda, blacksmith's helper, took positions at the Wabash shops this morning. Mr. Walda was formerly employed at the Western Gas works. J. S. McCarthy, who has been employed as a machinist's helper at the Wabash shops about three months, resigned and is making arrangements to leave the city.

It is the purpose of the Lake Shore to equip the proposed new shops at Elkhart with nothing but the very latest and best machinery. With this object in view the motive power officials are visiting the big railway shops of the country and inspecting the equipment. Master Mechanic O. M. Foster and his assistant, A. R. Ayres, inspected the Altoona shops of the Pennsylvania last week.

P. J. Fallon, who until he went to Indianapolis to enter the pension office as a clerk was employed in a clerical capacity in this city by the Nickel Plate, has been honored by the Elks at Indianapolis. They have elected him president of their building company, a corporation which owns the property occupied by the lodge. He was also elected a trustee of the lodge. P. J. has not lost interest in his Fort Wayne friends and makes occasional visits here.

California Tourist Loses Auto and Has Narrow Escape.

Pasadena, Cal., March 9.—His automobile wrecked in a swollen creek, W. B. Carmody, a wealthy young resident of Seattle, lost his car in quicksands and barely escaped with his life when attempting to pass through Solidad canyon, a torrent swept mountain pass. He was on a trip from San Francisco to Los Angeles. The accident happened Sunday and Carmody was forced to spend the night in the canyon. Ranchers who came to the young man's aid went back to look for the automobile and found that the conveyance had disappeared in the treacherous sands. Carmody arrived here yesterday on a freight train.

GIVE AWAY CARLOAD OF BABIES.

Big Consignment of Tots Distributed in New Orleans.

New Orleans, March 9.—This was the day they gave babies away in New Orleans. A carload of the little tots arrived here today from New York foundling and orphan asylums, with an eager crowd of claimants awaiting their arrival. In addition to those who had previously made successful claim to a baby, many pressed about the car in the hope that there might be some "left over," but those who had applied in advance got every baby in the car.

A Single Cup Correctly Brewed

Proves the merit and satisfaction there is in Postum. But it is **often only half brewed** and the result is often unjust condemnation.

There are no "grades" of Postum. Every package is the same. It is the steady boiling, for at least fifteen minutes after boiling begins, that gives a cup of Postum its fine, snappy flavour.

If your first cup of

POSTUM

Was not satisfactory, the fault was in the brewing—it must be boiled until it is dark and rich—don't attempt to make it as you would make coffee, but remember—

The longer Postum is boiled the better it is!

Well-made Postum served with good cream, has a flavour distinctly its own, and not unlike that of mild, high-grade Java coffee.

The best proof of the value of Postum is found in the clear brain and steady nerves which follow its use as the regular daily beverage in place of coffee or tea.

Postum—made of clean hard wheat (including the bran-coat with its "vital phosphates," grown in the grain)—quickly assists in rebuilding the worn-out body cells, because it contains these valuable elements in liquid form; in fact, it is a very palatable liquid food.

After all arguments, 10 days' trial proves.

"There's a Reason" for Postum

Postum Cereal Co., Ltd., Battle Creek, Mich.

HAVE IT RIGHT

Have Your Beverages Made Good Enough to Win You.

The rule about not boiling coffee leads many persons to prepare Postum in the same way.

This is a mistake and, of course, is unfair to Postum. Have it just right and it has much the same flavor as the mild and high-priced Java coffee, but never causes the troubles that coffee does.

An Illinois man found out how to make Postum so it tasted as good to him as his old-time coffee. He writes:

"For years I could not breakfast without my cup of coffee.

"During this time I was troubled with palpitation of the heart, with smothering and nervous spells. The doctor told me to quit coffee, but I did not.

"Finally, one time, while visiting, I was given Postum for breakfast. I can't say I enjoyed it at first—they only guessed how to make it. But when we followed the directions on the package, we all agreed that 'Postum was fine.'

"Then I began to enjoy my meals. Could take plenty of substantial food besides the Postum and felt good afterwards. My headaches were gone, and gradually I forgot I ever had heart trouble.

"I have told persons we used Postum at our house and they remarked they did not know how we could 'use the stuff.' They did not get at its goodness because it was not made right.

"A lady tried to give Postum to a lot of hired men but they would not take it. I tasted it as she made it and didn't wonder—it didn't taste like ours. Asked about it, she said she never had paid much attention to directions on the package.

"The next time I saw her she had learned how to make Postum right and said the men folks asked for the second cup. Follow directions and you'll have good Postum." Have it right!

M'CLAIN BOUGHT UP COLLECTION OF BOOZE

Came to Get Some Specs and Bought a Jag—City Court.

Harry McClain, veteran booze fighter from Decatur, came up to Fort Wayne yesterday to get himself a pair of specs and when he wound up last night he had everything he came for except the specs. His money had all gone into a collection of booze that still had a bit the best of him.

He is way long in the seventies some place and although he has been in on the same charge before the judge let him go with a warning not to come to Fort Wayne again and get drunk.

The cases of Edith Miller and Edward Eggleston, arrested yesterday on a charge of specific immorality, were continued until Friday morning. He was released under a bond of $50 and she was let go on her own recognizance.

Charles Ellison, who was up some time ago and was given his choice between going to jail or Kokomo and after some hesitancy decided on Kokomo, was up again this morning for loitering and got $10 and costs.

William Speckman, plain drunk, drew $1 and costs.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., March 9.—Crop damage reports had a bullish influence on the early trading in the wheat pit today, boosting May prices from a weak start to ½c higher than final figures yesterday, in the first hour. The more distant futures started much stronger than May and also profited by the bullish activity. July opened ¼c off to ⅜c up to $1.05⅝@1.05¾ and advanced to $1.06. September moving along with it. Fluctuations in May were 1⅜c, the demand steadying all the futures at about the high point. May touched $1.16⅝ after opening ⅜c to 1c down at $1.11⅜ to $1.12⅛.

Limited offerings in the corn pit together with a good demand gave a strong tone to the market. In the first hour May moved up from 62⅛c to 63⅜@63½c. Opening figures for the May option were 62⅛c to 63¼c.

Oats started easier than the other grains, but under the influence of important buying showed a tendency to advance in the first hour. May opened from ⅛c to ¼c off at 44c to 44¼c and sold up to 44½c.

Provisions, again responsive to sharply increased prices for live hogs in the packing centers where record prices were paid for the animals, advanced today, lard and ribs leading with gains of from 10c to 17½c. Opening figures for the May products were: Pork, $25.00 to $25.25; lard, $13.60 to $13.67½, and ribs, $12.12½ to $13.10.

OIL.

Toledo Market.

Toledo, O., March 9.—North Lima, 84c; South Lima and Indiana, 79c.

STOCKS AND BONDS.

The Day on Wall Street.

New York, March 9.—Realizing sales at the opening today had a depressing effect on prices. The copper stocks and United States Steel were notably heavy. Amalgamated Copper and Anaconda fell 1½ and eight thousand shares of United States Steel sold at 88⅛ and 88¼, compared with 89 last night. New York Central declined 1 point and Southern Pacific, Northern Pacific, Rock Island, Erie and American Car large fractions. Pittsburg Coal preferred advanced 1½ and Virginia-Carolina Chemical and American Cotton Oil 1.

After a considerable interval of hesitancy, the market turned upward led by United States Steel and the metal group generally. Large buying orders were executed in St. Paul. United States Steel touched 89½. Rock Island preferred moved up 2⅝. National Lead 2, Sloss-Sheffield Steel 1¼ and St. Paul, the Wabash stocks, Cleveland, Cincinnati, Chicago & St. Louis, Iowa Central preferred, Louisville & Nashville and Colorado Fuel 1. Federal Mining rose 4 points.

Union Pacific was bid up to 91 and a number of specialties were strong. The responses in the general list was indifferent. New York Air Brake rose 3⅝ and Railway Spring and Virginia-Carolina Chemical 2, the preferred, American Linseed preferred, American Leather preferred and National Biscuit 1¼ and Iowa Central, American Smelting, American Car preferred and Consolidated Gas 1. St. Louis & San Francisco second preferred declined 1. Prices reacted a fraction again. Bonds were firm.

The placing of New York Central on a six per cent dividend basis caused a 2-point jump in the stock and stimulated buying of Pennsylvania and other standard railroad stocks. Union Pacific gained 2¼, Chicago Great Western preferred 1½ and Southern Pacific, Reading and American Smelting preferred 1.

Great activity attended the late dealings in the stock market, but only a handful of the principal stocks were benefited much by the heavy buying, the major portion of the list encountered constant realizations which drove United States Steel back to yesterday's closing, kept others within a very narrow range. Union Pacific bounded up 3⅝ to 193½, but later reacted over a point and the whole list sold off.

The market closed weak. Profit taking sales in the final hour put prices of the principal stocks lower than last night. Union Pacific reacted 2⅝ points, American Smelting and St. Louis & San Francisco second preferred fell 1⅜. Amalgamated Copper 1½ and Reading, Erie, Northern Pacific, Northwestern, St. Paul, Erie first preferred, United States Steel, Westinghouse Electric, Pacific Mail and Anaconda 1. Some recovery followed the completion of the most urgent selling, but fresh supplies were offered.

THE MONEY MARKET.

New York, March 9.—Prime mercantile paper, 4½@5 per cent.

Sterling exchange, weak, with actual business in bankers' bills at 484.40@484.45 for sixty day bills, and at 486.80 for demand.

Commercial bills, 484@484½.

THE WICKED ICONOCLASTS.

Boston, Mass., March 9.—The Old North church, otherwise known as Christ Episcopal church, famous in song and story, was buffeted by its friends before a legislative committee yesterday. Its historical value was questioned. Its title was declared to lie with the British crown, and its future is in doubt.

The struggle yesterday was due to a bill which provides that the state should acquire the church and maintain it as a place of historic interest. The joint committee of ways and means heard three private parties to the controversy.

Sexton Watkins, who gets his salary from fees, remarked that the story of the signal lantern which is said to have sent Paul Revere off on his memorable ride has been questioned and is based mostly on Longfellow's poem. One of the petitioners, a member of the D. A. R., admitted that a recent examination of the title had shown that it never had been relinquished by the crown of England. Then a secondary quarrel developed between the Episcopal diocese and the parish as to the ownership of the church.

Finally the committee learned that the petition had been withdrawn and abruptly closed the hearing.

The district in which the historic edifice stands is peopled by foreigners.

CITY BREVITIES.

Mrs. V. Stapleton, 1315 Union street, is a new patient at the Lutheran hospital.

Mrs. Allen Hamilton, who has been a patient at Hope hospital for the past two months, is improving satisfactorily and will be able to return to her home soon.

Charles Stout, of Milford, is in the city for the purpose of having an operation performed upon one of his arms, which was injured more than a year ago.

Roach Bros., who incorporated a week ago with a capital stock of $50,000, elected officers as follows: President, James W. Roach; vice president, E. F. Yarnelle; secretary and treasurer, Thomas N. Roach. The concern has for the past year been manufacturing Hippo washing powder, and the stock is held entirely by the Messrs. Roach and by E. F. Yarnelle and W. E. Mossman.

AGAIN BECOMES VIOLENT.

Maniac Kills Policeman; Sought Roosevelt's Life.

Bridgeport, Conn., March 9.—Gustav F. C. Muller, who for a time was confined in an insane asylum for threatening to kill President Roosevelt, drew a revolver upon Policeman E. G. Dietz at the junction of Main street and Fairfield avenue shortly before noon yesterday and killed him. Turning around on the startled crowd on the sidewalk, Muller discharged all the cartridges in his weapon, and then, shrieking and flourishing the gun over his head, started on a run through Main street.

One bullet hit Charles Doherty, but did not wound him seriously. Another struck Leopold Rago, a barber, and at the hospital later it was feared he would die.

Muller aimed pointblank at Policeman Chaerls Musante, but missed. Police officers with drawn revolvers started in pursuit of Muller, and in a few moments a number of other officers and an ambulance, with scores of citizens, had taken up the chase. After a long run Officer Brown and Detective Hackett overhauled Muller and captured him.

When Muller was locked up in the police station he made the building resound with yells and shrieks for the Rockefellers and Vanderbilts to come and bail him out.

Muller, it is said by the police, has been writing begging letters to members of the Vanderbilt family in New York, and the police had been asked to arrest him.

Mrs. W. G. Cartwright, who has been confined to her home, 233 East Pontiac street, by sickness, is now convalescent.

Jefferson Haneline, of Columbia City, is at the Lutheran hospital, where today he underwent an operation for a cancerous growth on his lip.

Mrs. Flechter, of this city, who has been at the Lutheran hospital for some time, left today for her home.

Two new patients received at the Lutheran hospital today were Mrs. Arnold Brooks, of Hicksville, and Mrs. L. Schoppman, of this city.

The Wayne Dancing club will entertain guests this evening at the Grand dancing academy.

MATCHES CAUSE GIRL'S DEATH.

Child Reaches Box With Broom During Mother's Absence.

Frankfort, Ind., March 9.—Luella Hampden, 3 years old, daughter of Mr. and Mrs. John Hampden, was burned to death yesterday while playing with matches with her brother, 5 years old, in the absence of her mother. The matches had been put safely away, as the mother thought, but the little tot climbed on to a chair and knocked them off the top of a cabinet with a broom. The children amused themselves by striking the matches, the flames from one igniting the girl's clothes. The clothing was burned completely from the body.

HISTORY REPEATS ITSELF IN THESE QUAINT CHINTZES

The old-fashioned chintzes of grandmother's day are "in" again, with their dainty nosegay clusters and quaint trailing vines. These are some of the patterns of a spring shipment we opened Saturday, and no prettier hangings can be imagined. The chintz, while not heavy, is so firmly woven and strong as to be adaptable for many purposes—summer upholstery, window hangings and fancy work. Excellent values at the prices—**25c, 30c and 35c yard.**

COLONIAL DRAPERY FABRICS

The new "old" blues, soft tans and browns, beautiful yellows and other color schemes of these Colonial fabric make them ideal for summer draperies. Conventional effects, with and without borders, in designs and colorings appropriate for window hangings, valances and casement curtains for every room in the house. Priced at **18c, 25c and 29c a yard.**

MARCH WILL RUIN MANY A PRETTY COMPLEXION

External vigilance is the price of a pretty complexion—especially true during boisterous March. These splendid toilet preparations should find a place on every dainty woman's dressing table—they're particularly needful this month:

Burnham's Tan and Freckle Lotion, $1.00.
Burnham's Skin Bleach, $1.00.
Stillman's Freckle Cream, 50c.
Hind's Honey and Almond Cream, 25c.
Pompeian Massage Cream, 35c.
Burnham's Skin Food, $1.00.
Burnham's Cucumber and Elder Flower Cream, 50c.
Peroxide Vanishing Cream, 25c.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Ducks and geese are flying north, but find it pretty chilly work.

St. Patrick's Benevolent society met yesterday afternoon and completed arrangements for Father Cooney's lecture the night of St. Patrick's day. The subject of the divine will be "The Struggle of Life and the Irish Race."

Amos R. Walter is now traveling for E. W. Skelton, the commission merchant.

The Fort Wayne Military company will probably disband, in view of the fact that Governor Gray has vetoed the militia bill.

The defeat of the appellate court bill in the state legislature will cause the terms of supreme court commissioners to expire by limitation. This affects Judge W. G. Colerick.

Bob Shirley, of Maumee township, has a place in the engrossing room of the senate at Indianapolis. This county received four subordinate offices from the legislature, so far as is known.

Capt. J. B. White and D. C. Fisher are interviewing citizens relative to the new Mayer hotel project. Thus far the work has not been successful, but the gentlemen will solicit all the week and bring the matter to a conclusion.

The Wabash strikers induced additional workmen to join them today and hope to so cripple the company's rolling stock that it will accede to their demands. Deputy United States Marshal Hayden exercises jurisdiction over the company's property here, but the workmen do not go near the shops, nor do they molest the trains. The strikers are well behaved and orderly.

According to the new gerrymander passed by the legislature, Allen county will have two representatives in the lower house of the legislature and jointly with Huntington county gets another one. We get one senator and a half as now, and the congressional district remains the same. Now Allen county has three representatives in the lower house, and just why the representation was cut down does not appear.

EXILE SYSTEM MUST GO.

St. Petersburg, March 9.—The budget committee of the douma has struck at the root of the system of Siberian exile, cutting the appropriation for the administration of the system to a bare $34,500. The committee admitted that the government had greatly reduced the number of exiles in recent years, but it was declared that the system was bad and must go.

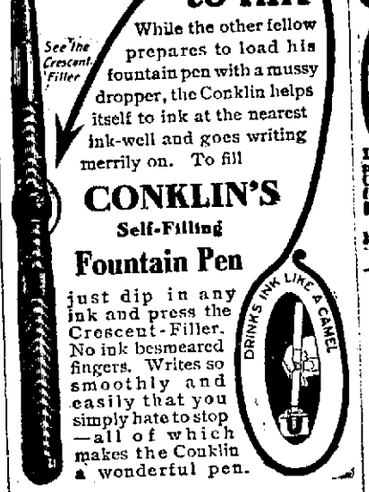
Helps Itself to Ink



While the other fellow prepares to load his fountain pen with a mussy dropper, the Conklin helps itself to ink at the nearest ink-well and goes writing merrily on. To fill
